# GERMANS TAKE 10,000 PRISONERS IN FRANCE

## Capture All Positions to Loudemont Ridge, Declares Berlin; Fight Diminishes, Says Paris

## BRITISH AGAIN ARE DEFEATED

## Forces in Mesopotamia Attack Turkish Fort, But Repulsed With Considerable Losses

LONDON, Feb. 25.—The French have been forced back still further on the defenses of Verdun in the face of the great German drive for the fortress. The German war office today announces the capture of all French positions north of Verdun as far as the ridge of Loudemont, south of Beaumont. The announcement says the number of prisoners taken has been increased by more than 7000 to more than 10,000. The fortified villages and farms of Champneuville, Collette, Marmon, Beaumont, Champréville and Ormes have fallen into German hands, it says.

The Paris official statement, on the other hand, says the Germans have halted in their onslaught for the moment at least. No fresh attack was made during the night on the French lines, says the announcement, and the artillery fire has diminished in violence.

Operations in other war fields are overshadowed by the great German offensive in the west, but there is interest in the Turkish announcement of another attempt by the British to advance below Kut El Amara, on the Tigris. The attacking forces were repulsed with heavy losses. Constantinople declares.

In their driving offensive for Verdun the armies of the German Crown Prince have pushed a vast wedge into the French lines north of the fortress until they are almost under the guns of the citadel. Within five and a half miles of Verdun itself.

In the sector stretching from Brabant to Beaumont, where the heaviest fighting has taken place, the German center already has battled its way more than three miles south from its former position. Both sides have suffered tremendous losses in killed and wounded.

In their southwest drive the Crown Prince's forces have captured no less than nine villages and fortified farms.

The German lines along the ridge between Champneuville and Beaumont are but slightly more than two miles from Fort de Vachonville, and the German advance is within the same distance from Beaumont outlying defenses of Verdun.

# GERMAN PRISONERS SAY LAST OFFENSIVE

PARIS, Feb. 25.—German troops taking part in the last offensive against Verdun were captured in the last days of the battle. This was to be the last and the great offensive against France, according to statements made by prisoners reported in the Paris newspapers this morning. The following phrase is quoted from an order published by General von Dauterle on the eve of the Verdun battle.

"In the course of the last offensive against France I hope that the Fifteenth Army Corps will distinguish itself as it has done in the past."

The Paris correspondent says the German offensive against Verdun is under the personal direction of Emperor William, who arrived at general headquarters on Saturday last and who, in order that nothing might go wrong, immediately ordered that a sort of dress rehearsal of the coming battle be held. At a given signal, the correspondent says, every infantryman and gunner took the post assigned to him in advance and the motions of a general attack were gone through behind the lines. The emperor seemingly was satisfied and gave the word to begin the offensive Saturday night.

The French losses are declared to be insignificant in comparison with those of the Germans. The German artillery preparation, which reached its height Tuesday, was of unparalleled violence.

Every inch of ground was searched out, every point where it was thought

(Continued on Page 3, Col. 1)

# Pacific Coast Needs of Defense Argued

WASHINGTON, Feb. 25.—The Pacific Coast needs more naval yards, Admiral Winslow told the House naval committee today. He said that the "big shipyard" on San Francisco Bay, at waterfront and channel limitations at Mare Island seemed to preclude the development of that yard for use of a modern fleet. The number of submarines necessary to defend the Pacific Coast should be determined at the Naval War College, the admiral said. Four shore bases as suggested by Rear Admiral Grant, would be sufficient, Admiral Winslow thought, but more than forty-eight would probably be required.

Representative Stephens insisted that with an investment of \$15,000,000 at Mare Island, everything possible should be done to bring the yard up to modern requirements.

# Page Instructed To Demand Reply

## England Must Explain Liner China Action

WASHINGTON, Feb. 25.—The United States today instructed Ambassador Page at London to make inquiries at the British foreign office regarding the removal of twenty-eight Germans, Austrians and Turks from the American steamship China in Asiatic waters, and to demand the release of the prisoners if they were arrested on the high seas, as has been indicated.

Great Britain maintains extra territorial rights over the waters immediately adjacent to Shanghai, the China's sailing port for San Francisco. Should the British government set up the claim that the vessel was within waters under British jurisdiction the United States would not have cause for further action.

# 'T'WAS WEIRD NIGHT FOR OAKLAND POLICE

## Mysteries to Gladden Heart of Romancer; Seek Solution.

Robert Louis Stevenson would have rejoiced over the strange complication of events as mysterious as those conceived in "The Dynamiter" or the "New Arabian Nights," which last night baffled the police.

A young and pretty woman was kidnapped and thrown into a mysterious machine, driven by a silent woman. There she found a man, who held her in silent struggle for an hour.

In the machine was a beautiful girl, drugged and gagged. The girl lay across one of the seats, and did not recover during the struggle.

A third woman was seen being pursued toward the Willows along the shore of Lake Merritt.

A man, John Petersen by name, lumberjack by trade, was seen running in circles near the lake shore. He said he was looking for a watch he had lost in Vancouver.

The woman kidnapped in the automobile was later found unconscious near the Oakland Museum on the shore of the lake.

# MYSTERIES, DEEPEN

Captain Petersen, Inspectors Wallman and Agnew, and Patrolman Davis, with the aid of various witnesses, tried to solve the mysteries, but they could not find one chain of events, tried to separate them. The kidnapped woman declared the man who ran in circles was not the man who attacked her. The woman pursued and the drugged, gagged girl could not find a connection with any crime, and after spending the night in jail, was released.

Here is what Mr. and Mrs. J. P. Weigley, 224 Jefferson street, told the police: "We were strolling on Oak street near Fourteenth, when a middle-aged woman ran up to us, saying she was pursued by a man, and asked our protection. We walked with her toward the public museum."

# RUNS IN CIRCLES

"This man Petersen was apparently the man who had pursued her. He ran down to the lake and we thought he was going to jump in. Then he ran around in circles in a peculiar manner. We called the police. The woman thanked us and disappeared."

Patrolman Davis rushed to the scene. He was told of the affair by the Wrights. As they were searching in the district, the woman came running. She was a young woman unconscious on the lawn. They found her near the museum. Her garments were torn, and she appeared to be just recovering from a swoon.

The young woman was told the woman believed to be Petersen. She told this story: "My name is Mrs. Anita Rutherford and I live at 3310 Adeline street. I am 18 years of age."

# Mark Jones Resigns Chamber Bureau

The Chamber of Commerce is short one of its bureau chiefs, Mark M. Jones having today wired his resignation to Secretary Joseph E. Caine. Jones has been in the post some weeks. No word of his intentions had been received until the telegram today, which was dated from Jersey City, but it is understood that he had received a better offer.

Jones was secretary of the Industrial Bureau. He has been in Oakland for about three years, coming here from Iowa. He was first with the old Chamber of Commerce as secretary of the manufacturers' committee and after the amalgamation of the organizations was made secretary of the new body's industrial bureau.

# Russia Would Buy Ships Japs Captured

TOKIO, Japan, Feb. 25.—Russian negotiations for the purchase from Japan of warships which were captured in the Russo-Japanese war are reported to be proceeding satisfactorily. The Soya, the Tango and the Sagami are stated to be the vessels which Russia desires to purchase.

Russia would have bought the warships from Japan at the outbreak of the war, in order to take part in the bombardment of Tsing Tao, the seaport on the Chinese coast in the German Kiaochow, but the negotiations which were then undertaken fell through.

# CO-EDS FUME WHEN 'GYM' RIGHTS FADE

## Students and Department Head in Warm Difference

## Control of Athletic Activities Causes Anger

Difficulties in women's athletic ranks at the University of California which have appeared since Miss Mild Cleveland, professor of physical education, recently promulgated a new plan for the control of feminine sports have come to a head. Members of the basketball squad are angered by the loss of their right to select their own captain, and the fact that Miss Cleveland, whom they elected captain last term, has been shorn of her powers.

"We women will run our own athletic affairs," declares Miss Cleveland's permission," declares Miss Cleveland, "and we will continue to control them." "We will continue to control them," she says, "and we will continue to control them."

Miss Cleveland and others declare that the centralization of athletics in the department has not only deprived the girls of rights they enjoyed before, but is aimed at the final eclipse of intercollegiate sports. They especially deplore the removal of Miss Mary Shaffer, under whose tutelage they were not defeated for five years. They declare that only the tennis coach has been retained and that all other sports have been taken out of their hands by Miss Cleveland.

BOOST FOR MERGER.

That the new arrangement may lead to the merger of students to reconsider the plan of joining the Associated Students as a body is declared by Miss Cleveland, who appears as spokesman for her sisters. She points out that the men, through the A. S. U. C., control their athletic affairs and that membership therein would permit the women the same rights.

Miss Cleveland has inaugurated a new regime since taking the position of head of the department of physical education for women. Her idea is to centralize as many women in athletics as possible, instead of confining all attention to a few who "make the team." Whereas, women's sports were formerly actually run by the Sports and Pastimes Society, they are now only nominally so, and Miss Cleveland has completely putting in operation these changes.

Provision of coaches for the department or approved by the department for all sports. Change in the method of awarding "Cs" to women in order to insure the best. "Cs" to women in order to insure the best. "Cs" to women in order to insure the best.

CHANGE IN IDEALS.

"This represents, I know, a change in ideals from the old one of narrow athletics to a few experts," declared Miss Cleveland. "It is intended to get as many of the women students—we have 2000 of them—interested in athletics for their own good as possible. The narrow 'team' idea has proved wrong in men's athletics, and it is even more wrong in the women's. Our plan is to interest as many as possible. Many more women are coming out for sports than ever before."

"I am surprised that difficulties have arisen at this time, as I had come to believe the girls understood the new plans admirably. Defining the plan as it was, I indicated at the end of last semester when the hockey girls presented a silver

(Continued on Page 2, Col. 1)

# Plea of Not Guilty Is Entered by Germans

## San Francisco, Feb. 25.—Baron E. H. von Schack, German vice-consul; M. A. Hall, Turkish consul; Robert Capelle, German colony leader and manager of the North German Lloyd Steamship Company, together with twelve other individuals, appeared today in court before Federal Judge Dooling today on charges of violating neutrality laws in connection with the sailing and outfitting of the steamer Sacramento, Monday was fixed as the date for deciding when the trial will be held. Captain T. A. Anderson of Piedmont, master of the Sacramento, was given permission by the court to go to Alaska, where he has assumed a fishing craft.

# County Assessor Ill; Pneumonia Attack

County Assessor C. F. Horner is in the Alameda sanatorium suffering from an attack of double pneumonia. He was taken ill yesterday at his office shortly after his return from the southern part of the state, where he had been on business.

Dr. W. A. Clark, who is attending him, stated today that the patient's condition is critical but that it will be uncertain as to outcome for several days.

Assessor Horner has been in poor health for some time past, a condition which causes considerable alarm among his wide circle of friends and acquaintances.

# JAPANESE IN INDIAN OCEAN

TOKIO, Feb. 25.—The Japanese Navy Department announces that four warships are being sent to the Indian Ocean to replace other Japanese units there. The report that a Japanese fleet has been sent to the Mediterranean is stated to be unfounded.

# OFFICIALS OF COUNTY ARE ACCUSED MRS. VON DOHLEN MAKES CHARGE SHE ALLEGES NEGLIGENCE AT HOSPITAL

## Rev. Allen Files Allegations With Commission Pastor Will Vigorously Prosecute Action

Mrs. Evelyn Reid Von Dohlen, widow of a New York capitalist, and now held on a charge of obtaining money under false pretenses, has brought counter-charges against officials of the county jail and Emergency hospital, including Dr. Carl Curdts, county jail physician. On her appearance in Justice of the Peace James G. Quinn's court today an affidavit, alleging neglect and mistreatment in the jail and hospital, was produced. This has been placed in the hands of the Public Welfare Commission for investigation.

Mrs. Von Dohlen, who was removed from the county jail through the offices of Rev. Alexander Allen of St. Paul's church, and is now in his care, will admit to selling an automobile she obtained on an installment plan, but will plead temporary insanity. She will come before Justice Quinn for examination March 10.

ALLEGES WRONG DIAGNOSIS.

She was first arrested on a charge of passing a fictitious check and was held in the county jail for some time on the charge to which she pleaded guilty. During this time she became the mother of a child at the Emergency hospital, and removed to a private hospital attempted to escape. She alleges that her case was wrongly diagnosed and that she was neglected, endangering her life. Dr. Allen declares that he will vigorously prosecute her charges before the county commission.

# CHARGES BEFORE COMMISSION

That he has placed her charges before the Welfare Commission and will actively prosecute them was declared by Rev. Alexander Allen this morning in Judge Quinn's court, when Mrs. Von Dohlen's case was out over until March 10. It was announced that Judge A. L. Frick will be associated with her attorney, James P. Montgomery. In the meantime, according to Rev. Allen, J. J. Von Dohlen, who is alleged, married her, through a false ceremony in Seattle, is missing.

# WHO'S IN? WHO'S ISSUE CALL FOR OUT? 'TAXPAYERS' ARE IN DOUBT

The puzzle of who's who in the Taxpayers' League of Alameda County, was further complicated last night by the free use of the official seal of the organization, coupled with the formal adoption of a resolution expressing full confidence in Dr. L. F. Herrick. Just 24 hours before the meeting of last night a meeting had been called by persons identified with the organization and long with the Taxpayers' League. The resolution in a resolution for reorganization, automatically throwing out Dr. Herrick, the president; John H. Somers, the secretary, and Executive Committee E. C. McKee and Samuel Reynolds.

But with the dawn of another day there has been issued a new communique to the voters, followed by a rapid volley of charges against E. L. Ernst and W. B. Simmons, in which the new "City and County Taxpayers' League," born from within the ranks of the parent organization, is declared the outlaw clique, whose efforts to control the old league have been unmasked.

Each faction admits that one set of resolutions is authoritative.

Dr. Herrick, in the language of matter medica, insists that the Ernst-Simmons amendment didn't work, that the operation was not a success and that the troublesome appendix of internal strife seriously endangers the patient. To prove his position he has the resolution of endorsement and confidence passed by the corps of the Taxpayers' League of Alameda County. And what Herrick says is fully supported by Secretary John H. Somers.

The irretrievable conclusion is that something has happened. Just what it is cannot be agreed upon by any body identified with the event. That a new league exists is evidenced in a complete set of officers elected Wednesday night, headed by Ernst, and solemnly certified to by resolution duly and truly adopted in open meeting by a unanimous vote of whoever were present.

The real rock on which the league split, however, appears to be the recent campaign against the purchase of the new northshore site on Telegraph avenue. The Herrick faction, circumstantially supported by E. E. Crandall, charged that Ernst et al. imposed upon their influence with the league during that civic effort.

"The league is dead," says Ernst. "Long live the league," says the doctor.

# Valuable Cargo in Danger, Says Letter

SEATTLE, Feb. 25.—The port commission pier 28, where the Blue Funnel liner Tallyho is discharging, on \$8,500,000 cargo of rubber, silk and other merchandise, is being specially guarded because of a warning mailed from Tacoma, that German agents were planning to destroy the cargo.

# England to Call All of Derby Volunteers

LONDON, Feb. 25.—All the groups of married men who attended for service in the army under Lord Derby's scheme will be called out and subsequently the men will be summoned as follows: Men 37, men 34 to 36 years; May 27, men 32 to 33; June 10, men 30 to 32; and June 24, men 28 to 30 years of age. They will be called on July 5. These arrangements are provisional.

MRS. EVELYN REID VON DOHLEN, WHO CHARGES ATTENDANTS AT THE COUNTY JAIL AND EMERGENCY HOSPITAL WITH INEFFICIENCY AND ILL-TREATMENT.

# WHO'S IN? WHO'S ISSUE CALL FOR OUT? 'TAXPAYERS' ARE IN DOUBT

Puzzle Double, League's in Victor Metcalf, Guy C. Earl Trouble; Dr. Herrick Is and Others Summon Party Men.

# Women's Clubs to Return Officers

LODI, Feb. 25.—The peace which has been the spirit of the meeting was evident in the choice of the same officers with a few exceptions which have served during the past year. The candidacy of Mrs. Josiah Evans Cowles for general president was advocated by resolution and testimonial.

Where the office has been filled for two years, as in the case of Mrs. Henry Rosenthal, recording secretary, in her place will be Mrs. R. G. Boone of Berkeley Twentieth Century Club. The officers are: Mrs. Fisher R. Clarke, president; Mrs. Luellen Langworthy, vice-president; Mrs. George Finkboller, corresponding secretary; Mrs. R. G. Boone, recording secretary; Mrs. Charles Graham, treasurer; auditor, Mrs. Martha N. Schofield of Arrows Club, Sonoma, taking place of Mrs. John S. Montgomery, with Mrs. Claude Leach, incumbent. Members of credentials committee: Mrs. F. E. Mills, Lodi; resolutions, Mrs. Mary C. Henton, Ebel, Oakland; nominating, Mrs. Robert Watt, New Century, Oakland.

# CONGRESS READY TO OVERRIDE PRESIDENT

## Vote on Resolution of Warning Will Carry 2 to 1, Says Speaker to Head of Nation

## EXECUTIVE VOWS WILL STAND FIRM

## Idea That Germany Will Postpone Putting in Effect Diver Threat Delays Drastic Action

WASHINGTON, Feb. 25.—A resolution to express the sense of the Senate that any issue affecting national honor should be referred before decision to Congress, and that no ultimatum should be sent to a foreign power nor severance of diplomatic relations be permitted without reference to Congress, was introduced today by Senator Jones, Republican, of Washington.

The resolution was presented without any discussion, and Senator Stone asked that it lie on the table. When Senator Gore's resolution was presented it took the same course. Several Senators said they would fight any effort that might be made to shut off discussion of the resolutions to discussion.

# WASHINGTON, Feb. 25.—Telegrams to Congressmen from William Jennings Bryan, supporting the movement for warning Americans of armed ships, began today.

Representative Bailey of Pennsylvania received one and planned to read it from the floor.

# WASHINGTON, Feb. 25.—President Wilson reiterated his opposition to any action in Congress warning Americans of armed ships, in a conference early today with Speaker Clark, Majority Leader Kitchin and Chairman Flood of the House foreign affairs committee, and they in turn told the President that such a resolution were brought up at any cost and repeated what he had written last night to Senator Stone.

The House leaders went away telling the President nothing would be done today, but they ventured no predictions for the future. They admitted that today's action was a defeat and could not yet tell how far the sentiment in Congress would be swayed by the publication of the President's views in his letter to Senator Stone.

When the conference was over, Speaker Clark said, "The President's explanation made as to the temper of the House regarding the diplomatic situation with Germany and some argument on both sides, is fully set out in Senator Stone's letter to the President and the President's letter to Senator Stone."

# LETTER EXPLAINS

"The letter and substance of the conference," Speaker Clark said, "outside of an explanation made as to the temper of the House regarding the diplomatic situation with Germany and some argument on both sides, is fully set out in Senator Stone's letter to the President and the President's letter to Senator Stone."

"We explained to the President how the House felt, in our judgment, I told the President that this warning resolution would carry two to one if they ever got a chance for a vote."

(Continued on Page 4, Col. 3.)

# A DELIVERY CAR

For Bargains in used cars see the Tribune want ads today and Sundays.

## CO-ED ATHLETES IN QUARREL AT U. C.

(Continued From Page 1)

while to Miss Ruth Elliott, who was their coach. The hockey girls of the fall are those who play basketball in the spring, and how the objections have arisen over the vacation I cannot comprehend.

"Like any innovation this one may be hard to establish, but it is based on sound physical considerations. Except in a very limited way inter-collegiate athletics cannot be of benefit to women. But athletics in which a large percentage of the undergraduate can be brought to participate certainly will be of value."

**BUT ONE LEFT.**  
Miss Marjorie Hall, selected by the tennis women, is the only coach not appointed by Miss Cleveland who now remains, and it is explained that lack of funds to hire a department coach explains her retention. Miss Cleveland herself has taken the place of the rowing coach. Among the members of the basketball squad who

hold various views of the new arrangement are Miss Louise Harvey, manager; Miss Gwendolyn Gaynor, captain; Miss Ruby Yokum, Miss Ruth Yokum, Miss Alberta McNeeley, Miss Lowe and others.

"There has never been any fault found previously with our coaching system," declares Miss Lowe. "In basketball we have had Miss Shafter for five years and have never lost a game under her direction. In other sports, the coaches the girls have hired have proved very desirable. Now we are forbidden to hire our coaches."

"At the end of last term Miss Gaynor was named captain. When she appeared this semester to lead the squad she was informed by Miss Elliott, the coach appointed by Miss Cleveland, that there was no longer any such position as captain and that she had no remaining rights or powers."

"The whole matter of girls' sports is being run on this same system. The girls have no voice in their own activities any longer. Sports and pastimes exist, but all women's athletics are governed by the department. The men do not have to submit to any such dominance, and we don't see why we have to do so. If we can get our rights in no other way, I am almost positive we shall see it fit to quit our lot with the A. S. U. C. and put girls' sports under the same domination as the men's."

## Delayed Income Tax Statements Costly

The Treasury Department sent out today the following notice on the income tax:

"The penalties imposed under the act of October 3, 1913, for failure to file returns within the required time as prescribed by law, are a 50 per cent additional assessment of the tax, which is mandatory, as the taxpayer cannot be relieved from this penalty no more than from the tax itself, and a specific penalty of \$20 to \$100, and taxpayers are therefore notified that returns should be filed on or before March 1, which is the last day of filing, in order that no penalties may be incurred. In case of sickness or absence an extension of thirty days' time from March 1 may be had for the filing of returns upon written application to the collector of internal revenue."

**SCAVENGERS ASK CHANGE.**  
The Oakland scavengers today asked the city council for a modification of their contract with the city by which the amount they pay the city shall be reduced from \$1000 a month to \$500. They explain that the disposal of the garbage is costing the city less. The proposition was referred to the city attorney.

**To Cure a Cold in One Day.**  
Take LAXATIVE BROM QUININE Tablets. They refund money if it fails to cure. E. C. GUY'S signature is on each box. See advertisement.

## BEAL SUIT ONE MORE IN U. P. FIGHT

Although the suits filed yesterday by C. N. Beal against F. M. Smith, W. S. Tevis, R. G. Hanford and other defendants and which involve the United Properties company and its subsidiary corporations, is the most far reaching yet put on record, it will not affect in any way the present handling of operations of the railroads or light and power companies directed solely to a stock interest in the United Properties company and to the matter of the merging and unmerging of the separate units which made it up.

From three separate interests this morning came the assurance that nothing was to be feared as to the outcome. "There is absolutely nothing new in connection with these charges," declared attorney W. I. Brobeck, personal counsel for F. M. Smith. "These matters growing out of the controversies between Smith, Tevis and Hanford have been mooted here for years but this is the first time that any complaint has been put in legal form. The starting of this litigation will not affect the status of affairs in any way whatsoever."

**COMMITTEE NOT ALARMED.**  
A member of the Smith advisory committee which made the arrangement two years ago for a sale of the railroad of the United Properties company, including the Key Route and the Oakland Traction company to George G. Moore, stated also that there was really nothing new in the complaint.

"It is the old, old story," he explained. "Protests of this nature in one form or another have been made for the last three years. A number of suits by dissatisfied stockholders have been filed. Some of them have been adjudicated and others are still pending in the court. This will be merely one more and it will not hurt any one at all."

An attorney representing the interests of W. S. Tevis and R. G. Hanford was inclined to take the action with a little more seriousness. "This is the first time that a suit has been filed of so sweeping a nature," he declared, "and it is the first time that a stockholder has protested against the failure to carry out the so-called 'yacht' agreement. There is also the allegation that the stock transferred to the Realty Syndicate which was eventually to have gone to George G. Moore has not been returned whence it came."

The railroads which were a part of the unmerging scheme and which Moore and the syndicate of London capitalists were to buy are being operated by the Smith committee with the approval of the railroad commission. Efforts are being made to rehabilitate and refinance quietly and systematically the several companies involved in the unmerging and it is declared the present suit will not interfere in these matters in any way.

**LOCAL MEN OUT.**  
Dennis Searles, former executive secretary to F. M. Smith, and, as such, an officer in various corporations controlled by the magnate, said today that he had been named as a defendant in the actions merely as a matter of form.

"I know nothing of the suits," he said. "It is more than two years since I was executive secretary to Mr. Smith, and I have been out of touch with the affairs of the concerns in the United Properties company since that time. The appearance of my name as a defendant is merely a matter of form."

W. I. Brobeck, vice-president and general manager of the San Francisco

Oakland Terminal Railway, who is also named as a defendant in the Beal suits, also declares that his name appears as a matter of form.

"I was an officer in several of the Smith corporations," he said, "and for that reason appear as a defendant in these suits. I know nothing of the matter."

Various Oakland men, connected in one way or another with the Smith interests, said today that the suits were friendly actions, filed by Beal that he may establish a standing in the courts in the event certain litigation occurs. One Oaklander declared that he had been assured of this by Beal yesterday, prior to the filing of the suits.

AT OAKLAND and SAN FRANCISCO

Sketched from the Suits

## For Saturday

A SPECIAL SPRING SUIT EVENT

For the Thousands of Women who make Saturday their shopping day we have prepared this Special Spring Suit Event AT OUR OAKLAND AND SAN FRANCISCO STORES. It took months to prepare, but a day will suffice for the selling when you see the values—EVERY smart fabric, EVERY wanted color, and EVERY size from 16 Misses' to 44 Women's, AT—\$25

## DRESSES AT \$25

Ultra Smart Street Dresses in extra quality Pussy Willow Taffeta in Black and Navy, and Black and White checks with taffeta sleeves and Low Spanish Girdle. \$25

NEW SPORT COATS in Corduroy \$25

Market at Stockton SAN FRANCISCO Washington at 18th OAKLAND

SILK FIBER HOSE All Colors 50c

## MARYMONT AND UPRIGHT

13th and Washington, Oakland Successors to Abrahamson's

Newness is the keynote. This is a new store with nothing but new merchandise to offer. New methods are used—no comparative prices, for instance. You'll like this new store as you like progressiveness.

## Waists

The Season's Best—Prices Right

The reorganized Waist Department (now located on the Second Floor), has assembled a wonderful lot of waists at popular prices. We urge you to see them—it will be decidedly to your advantage if you appreciate unusual values.

## Three Important Lots to Sell at \$1.25

Cotton crepe waists in stripes—green and white, lavender and white, pink and brown, pink and black, black and white, lavender and green with white. One of the striking novelties of the season.

New middie sport waists with three-quarter sleeves and two-position collars. They are also in stripes—light blue, navy, pink, lavender and tan with white. See this lot while the assortment is complete.

Self-figured Secco Silk Waists with two-position collars and loop fasteners. The colors are rose, light blue, pink and white. Sizes 36 to 44. Very attractive and very practical.

**Crepe de Chine Waists 3.45**

Latest styles, white, pink and maize. Some are embroidered, some are lace trimmed. Plenty of all sizes from 36 to 44 inclusive. High-grade in every respect. All unusual values.

**Novelty Voile Waists 75c**

Made of novelty Voile in stripes or embroidered. Some with long sleeves, some with short sleeves. Some embroidered and some lace trimmed, others plain with two-position collars. All sizes.

**Milan Shapes \$1.95**

Large and small rolling brim sailors, mushroom and Continental Turbans in navy blue, rose, dark green, cerise, purple and black.

**Roses 45c**

Very new. Half buds with lacquered foliage and baby buds. To be had in the new colors.

**More. Dresden and Taffeta Ribbons 19c yd.**

Hundreds and hundreds of yards of 5 1/4-inch pure Silk Ribbons in full pieces, not remnants. The More Ribbons may be had in all popular shades, including some latest novelties. The Dresden Ribbons are in light and dark effects—a great variety to select from. The Taffeta Ribbons are in the staple and new shades. An extra heavy quality.

**The Newest Neckwear 29c**

We are quoting this bargain price on a new lot of vestees, chemisettes, single collars, collar and cuff sets, etc. Dainty creations in net, lace and lawn. There is a wonderful selection—nothing but new merchandise offered.

**Boudoir Caps 29c**

The prettiest kind of caps in crepe, net, lawn, lace, etc. Light delicate shades in great varieties. You cannot afford to make them yourself when this price is quoted.

**Trimmed Hats \$5**

—Dozens of Them

Too many, in fact, to attempt details here. There are sailors with rolling and straight brims, small braid and silk bonnets, etc. They are trimmed with roses, bows of ribbon, imitation Gaura and lacquered foliage. All of the popular colors are represented. The best you've ever had a chance to buy at this price.

**Corset Covers \$1.25**

Satin and Crepe de Chine

The daintiest kind of garments in white and flesh color crepe de chine. They are daintily embroidered front and back and trimmed with fillet lace. The satin garments are trimmed with various laces and ribbon. All sizes from 34 to 44. Fourth Floor.

## How Grip, Pneumonia and Influenza Victims May Gain Strength

The Recent Epidemic Has Left Many Weak and Run-Down Systems Which Must Be Built Up

The epidemic of grip, pneumonia and influenza which recently swept the country with severe loss of life, has left in its wake a host of victims whose systems are weak and run down. How to build them up is a subject of interest as undoubtedly there are thousands seeking this advice. After such attacks, disease germs have accumulated in great quantities, and the system of course is weakened thereby. To build up the system and in this way enable it to throw off the poisons is therefore necessary. The stomach is the key to health building as the majority of physical ills are directly traceable to it as a source. Duffy's Pure Malt Whiskey assists in building up the system because it is a

predigested food in liquid form made from the choicest of health giving grains thoroughly malted. It is acceptable to the weak stomach as it requires little effort of the digestive organs. It assists the stomach in its duties of converting food into blood by stimulating the flow of gastric juices. Grip, pneumonia and influenza victims should take the prescribed advice of a tablespoon in water or milk before meals and on retiring. You will be surprised how the system responds to this treatment. Try it today. It is sold by most druggists, grocers and dealers, \$1.00. If they can't supply you, write us. The Duffy Malt Whiskey Co., Rochester, N. Y. —Advertisement.

## GERMANS GAIN IN DRIVE ON VERDUN

(Continued From Page 1)

guns might exist was littered with shells, but the French infantry was so well sheltered under the ground and the French tanks were so well hidden that when the German batteries grew silent and the German infantry advanced to the attack, Frenchmen sprang up from the holes in the ground and opened a deadly fire with machine guns, while shells from the seventy-five millimeter guns flew overhead and moved down wave after wave of the Germans as they plodded doggedly over the snow-covered ground, urged on from behind, the correspondent adds, by their officers, revolver in hand.

## ENGLISH HAVE NO FEAR OF RESULT

LONDON, Feb. 25.—The great battle being fought a few miles north of the stronghold of Verdun, the eastern pivot of the French front, is being followed by the entire country with keen interest, but with entire confidence. The public realizes that this is the greatest test to which the French defenses have been subjected since the battle of the Yser and is eager to know every detail of the occurrences.

So far the Germans, by sheer weight of men and material, have succeeded in forcing the French left wing back for three miles to Samogneux, on the heights above the Meuse, and for a shorter distance on the right at Ornay, but they have made little impression on the center. The line is bent but far from broken. The nature of the country between Beaumont and Samogneux lends more to attack than to defense and the French command appears to have brought the line back chiefly to avoid useless losses as well as to take up positions that are more easily defended.

The French defense, according to military experts, has proved itself most effective by inflicting appalling losses on the Germans. Prisoners taken yesterday stated that whole regiments have been wiped out. It is expected, however, that the Germans will return to the charge with renewed fury, as they desire to get within reach of the forts. If they should succeed in their purpose—which is thought in military circles to be highly improbable—it would be at a cost of life out of all proportion to the advantage gained.

The battle is regarded here as the long expected German spring offensive. It is pointed out that the French, profiting by their earlier experiences in the war, now rarely follow their advanced trenches strongly and that, therefore, their withdrawal at some points to the second line is no sign of weakness.

On the other hand, it is believed that the French generals are pursuing the tactics of allowing the enemy to assault in masses which involves enormous sacrifices to the Germans. The military circles point out that after three days of desperate assault the French second line defenses are still intact everywhere.

It is assumed here that the Germans began preparations for this attack at about the time of the Turkish defeat in Armenia, which sealed the fate of their empire.

It is argued that artillery fire has become so terrific that the trench becomes at moments of no value as a defense and consequently there has been a necessary partial return for the moment to a war of movement. Even should the unexpected happen and the whole first line should fall into the enemy's hands, he would be confronted by five other lines, increasing in strength as they approach the fortress proper.

## Here's Message From the Stars Orpheum Favorites 'Speak Up'

### BACK TO THE FAIR.

"Back to the fair is where I shall go after this season," said Bessie Clayton, America's premiere danseuse, now appearing at the Orpheum. "And I shall carry a milkpail on my arm, for I have fine cows that I look after myself."

From ultra modern dancing in vaudeville to managing her model farm at Long Branch is the step planned by the dancer after this, her last season in vaudeville. There she will join her father and mother and her 12-year-old daughter, Priscilla, who has never been behind the scenes.

Bessie Clayton is the wife of Julian Mitchell. She is playing the Orpheum circuit for the first time since 1909. During the last six years she has been playing in London, Paris and Vienna.

Miss Clayton, in her "Dances of Yesterday, Today and Tomorrow," expresses her idea of the growth of the dance from the stately gavotte of 1830 to the wild abandon she believes to be the inevitable outcome of the dances of today. The modern acrobatic dances to ragtime music Miss Clayton believes essentially American.

"My daughter, Priscilla, shows no inclination to dance," said Miss Clayton. "She is fond of all out-door sports and lately has taken to writing short stories."

"I am glad she has no desire for a stage career, for neither my husband nor I approve of her going on the stage."

Miss Clayton's farm of 22 acres is well stocked with fine horses and cows and is known as a show place, according to the dancer.

Although a young woman, Miss Clayton has made a great deal of money. She says she wishes to be with her daughter in the future, natural surroundings of the fruit of her work. She may appear at a few special performances in New York, where she may enjoy the vaudeville stage after this season.

### SHE'S NOT JEALOUS.

The beautiful Broadway star, Dorothy Jordan, is to make her first appearance in Oakland at the Orpheum on Sunday. Miss Jordan has appeared in some of the most notable musical comedies in London and New York, but until this season had declined all offers to appear in the West. Oakland theater-goers will have a taste of her beauty and art and will see for themselves the qualities that have bewitched theater-goers in New York and London.

Speaking of these bewitching qualities Miss Jordan says they are due to a secret which she would be pleased to share with every one, because it is a beauty secret that every one can use. "If I am attractive to people, it is because I have gained personality through not being jealous. Jealousy is the bugbear of the American women. I have never seen anything like the way that they allow it to play upon their nerves and perhaps to bring a storm of tears in its wake. Tears wash away more than a beauty-ache, so do not indulge if you want to light off Father Time. In the first place, jealousy lodged in the human breast and allowed full sway preys upon the whole nervous system. And when the nerves are all unstrung the digestive system comes in for a general upsetting. The stomach is affected, the appetite goes and the energy that should be expended upon the cares and problems of every-day life is absolutely given over to the 'green-eyed' monster. So much for this part of beauty's undoing. A woman who is subject to fits of jealousy is constantly exposing herself to colds. Every jealous fit overheats the blood and is therefore very weakening, and as far as facial characteristics, watch the jealous woman and read her trouble in her eyes, which are cold, hard and restless, not tender and alluring as a woman's eyes should be. Watch the expression of her mouth and the decided lines in her face and ask yourself if she can be attractive to any one. Her woman friends know her failings and laugh at her behind her back because she lets it dominate her. And as for being attractive to men, she has made this forever impossible. A woman must appeal to a man through another woman, or not at all. We must all fight against jealousy, which is a universal feeling. Some of us succumb to it easily, some only for real causes and some not at all, for it affects every one differently. But fight against it. We must, if we wish to establish a beautiful record of any kind among American women."

## CAR SCHEDULES TO BE IMPROVED

Important Changes in 10 Lines  
Will Be Made on  
March 1.

With the changing of ten important lines of the San Francisco-Oakland Terminal Railway will, beginning March 1, give a greatly improved service on Lower Broadway, quicker runs from Fruitvale to the sixteenth street depot, and a faster and safer loop service over East Twelfth and Thirteenth streets.

The improved service on Lower Broadway will be brought about through the termination of the Shattuck avenue cars at First and Broadway and the new Shattuck avenue runs at Seventh and Broadway.

The changes, which will go in effect the first of next month, call for the following new routes:

College avenue cars will operate from Berkeley station to Seventh and Broadway. Shattuck avenue cars will operate from Berkeley station to First and Broadway, Oakland.

East Twelfth and Twenty-first street cars will consolidate with West Twelfth street cars and operate from Twenty-seventh street and Fruitvale avenue to Sixteenth street depot via East Twelfth.

Twenty-first and West Twelfth streets. Hayward, San Leandro and Elmhurst cars will operate to Washington street only.

East Alameda cars will operate west on Thirteenth street and east on Twelfth street between Oak street and Broadway. No change in terminal.

Hayward, San Leandro, Elmhurst, Park Boulevard and East Sixteenth street cars will be operated west on Twelfth street to Washington street, north on Washington street to Thirteenth street, and east on Thirteenth street to Oak street, forming a loop service and avoiding congestion and delay at Twelfth and Clay and Thirteenth street terminal.

**Jitney Trials to Clog  
Police Court Calendar**

Jury trials for jitney men have been set from March 7 to August 1, taking up almost every court calendar day in the local police courts.

The police continued making arrests of drivers of "Oakland pleasure car" drivers today. Up to noon today, the number of arrests had totaled over 150.

The jitneys operated today, but the number of arrests per day is apparently decreasing. Fewer arrests were made this morning than for any morning during the anti-pleasure car crusade.

The drivers of the cars announced today that they would make a campaign for the support of the public in their fight for the right to operate in the restricted business district of the city, which has been prohibited to them by the recently enacted legislation.

## DROP BASKETBALL, RECOMMENDATION

Committee Chairman Tells A. A. U. Weight Classes Are Dangerous.

Recommendation that basketball be dropped from the activities of the Pacific Association of the Amateur Athletic Union will be made by the basketball committee, it was announced today by Herbert Hauser, chairman of the committee. "I'm sick and tired of the whole thing, and I would never serve on that committee again," said Hauser. "For the past six or eight weeks we have given much of our time to the making up of a schedule and attending to the arrangements for the games, and all we get in return are the foul-mouthings and insults of team managers."

"Not only that, but the spirit and intent of the weight of rulings are constantly being violated. In order to play boys on limited weight teams they are trained down to such an extent that I believe it is working a physical injury to many of the boys of the Pacific Association team in a Pacific Association tournament."

The decision of the committee finally was brought about by protest entered by the Olympic Club against Referee Sperry Wednesday night, and the statement that the club never again would enter a basketball team in a Pacific Association tournament.

**3000 Is Membership  
Goal of Chamber**

A "finishing up" campaign, an attempt to bring the membership of the Oakland Chamber of Commerce up to 3000, is being waged by workers of the membership council of the organization today.

The campaign was opened yesterday when 250 men took the field under the direction of Postmaster Joseph J. Rosborough. If the 3000 mark is reached, the local organization will then be the sixth in size and importance of all chambers of Commerce in the United States. Oakland is now immediately behind Toledo, Ohio, in point of membership.

The first meeting of the entire membership council was held at luncheon in Hotel Oakland at noon today. The team captains reported on their work, and H. C. Capwell spoke on the relationship of the Chamber of Commerce and membership council to the future development of Oakland. S. Glenn Andrews, manager and secretary of the Sacramento Chamber of Commerce, was also a speaker. Rosborough presided.

**Suffragists Fearful  
of Graft Case Effect**

CHICAGO, Feb. 25.—Fear that the political agitation arising from the split salary charges made by Mrs. Page Waller Eaton against her superior, Mrs. Louise Osborne Rowe, head of the municipal department of public welfare, might result in reflections being cast on women's political aspirations in general led to the voicing today of strong protests by prominent suffragists. Investigation of the charges confined to day before the civil service commission.

"The whole world is looking at Chicago. We have to be on our good behavior," said Mrs. Catherine Vaughn McCulloch, a leader in the Illinois suffrage movement. "If any woman anywhere does wrong it is an argument against suffrage. There is no denying that. There is no logic in it but women are on trial. It might be pointed out, however, that neither of the women involved was backed by the suffrage organizations."

**Cary Will Attend  
Committee Session**

Assemblyman L. P. Cary of Fresno, chairman of the state committee conducting the referendum and initiative campaign, advised Chairman Clinton Dodge of the Alameda County Republican Central Committee that he will be present at the committee meeting this evening.

Chairman Dodge has called the meeting for 8 p. m. in the office of Judge Fred St. Sire in the Plaza building, Fifteenth street, at Washington.

## President Gives Reasons for Refusing to Issue Warning

The letter of President Wilson to Senator Stone follows:  
"February 24, 1916.  
"My Dear Senator:  
"I very warmly appreciate your kind and frank letter of today and feel that it calls for an equally frank reply.  
"You are right in assuming that I shall not overstate in any way the power to keep the United States out of war. I think the country will feel no uneasiness about any course in that respect. Through many anxious months I have striven for that object, amidst difficulties more manifold than could have been apparent upon the surface, and so far I have succeeded. I do not doubt that I shall continue to succeed.  
"The course which the central European powers have announced their intention of following in the future will regard to undersea warfare seems for the moment to threaten insuperable obstacles, but its apparent meaning is so manifestly inconsistent with explicit assurances recently given us by those powers with regard to their treatment of merchant vessels on the high seas that I must believe that explanations will be forthcoming which will put a different aspect on it. We have had no reason to question their good faith or their fidelity to their promises in the past and I for one feel confident that we shall have none in the future.  
"But in any event our duty is clear. No nation or group of nations has the right while the war is in progress to alter or disregard the principles which all nations have agreed upon in mitigation of the horrors and sufferings of war; and if the clear rights of American citizens should ever unhappily be abridged or denied by any such action, I should feel it my duty to have, in honor no choice as to what our own course should be.  
"For my own part, I cannot consent to any abridgment of the rights

## THAT CUP OF COFFEE

## Senator Stone Writes Wilson Of Congressional Attitude

Senator Stone, chairman of the foreign relations committee, in a letter to the President, set forth the attitude of Congress toward the submarine crisis.  
"Dear Mr. President:  
"Senator Kern, Mr. Flood and I talked with you on Monday evening, I am sure, longer than I have been for many a day. I have not felt authorized to repeat our conversation, but I have attempted, in response to numerous inquiries from my colleagues, to state to them, within the confidence that they should observe, my general understanding of your attitude. I have stated, in my understanding of your attitude to be substantially as follows:  
"STONE'S UNDERSTANDING.  
"That while you would deeply regret the rejection by Great Britain of Mr. Lansing's proposal for the disarmament of merchant vessels of all nations, that you would not fire upon a merchant ship if she heaved to when summoned, not attempting to escape, and that the German warships would only exercise the admitted right of visitation and capture and would not destroy the captured ship and attempt to sink her, and that when reasonably assured of the safety of passengers and crew, you were of the opinion that if Great Britain and her allies rejected the proposal and insisted upon arming her merchant ships she would be within her rights under international law. Also that you would feel disposed to allow armed vessels to be cleared from our ports; also that you are not favorably disposed to the idea of this government taking any definite steps toward preventing American citizens from embarking upon armed merchant vessels. Further, that you would not fire upon a German warship should it fire upon an armed merchant vessel of the enemy upon which American citizens were passengers, to hold Germany to strict accountability.  
"ASKS FOR STATEMENT.  
"Numerous members of the Senate and the House have called to discuss this subject with me. I have felt that the members of the House who are to deal with this grave question were entitled to know the situation we are confronting as I understand it to be. I think I should say to you that the members of both houses feel deeply concerned and disturbed by what they regard as the attitude of the President. I have heard of some talk to the effect that some are saying that after all it may be possible that the program of preparedness, so-called, has some relation to just such a situation as we are now called upon to meet. I have counseled all who have talked with me to keep cool; that the whole business is still the subject of diplomacy

## Democratic Leaders Tell Wilson His Power Wavers

(Continued From Page 1.)  
Some enthusiastic gentlemen, I said, thought it would carry three to one. "Of course there was a great deal of talk about international law regarding the rights of Americans on the seas and the rights of Americans on the seas and the rights of Americans on the seas. At the conclusion of the conference it was very clear to all that the President stands on his letter to Senator Stone.  
"MANY RUMORS.  
"But there are rumors which were discussed that Germany may postpone enforcement of the new admiralty order to sink all armed ships from March 1 either to April 1 or the middle of March. I think the chances are that Germany will postpone this threatened performance. This will give more time for consideration of this matter.  
"We told the President that in the event of such a postponement all action in Congress certainly would be postponed. Meantime these resolutions would remain in statu quo.  
"Regarding the possibility of action in Congress in case Germany adheres to her announcement that the admiralty order will be made effective March 1, Speaker Clark said it would be very difficult to get the warning resolution out of a committee for action and that there was no way for the issue to get before the House today.  
"Of course," he continued, "some one might try unanimous consent, but that would be ridiculous, because there would be many objections to it. If the resolution should be reported from the foreign affairs committee it would take its place on the calendar unless the rules committee should interfere. The resolution is in no way privileged and it would go to the foot of the calendar. That would mean we could not get it before July or August. The only remedy, if action is to be had on this resolution in the near future, is the committee on rules."  
"COMMITTEE ATTITUDE.  
"There is some doubt because of recent developments as to the attitude of that committee. A week ago, however, members who were anxious to have the resolution brought on the floor were given little encouragement.  
"Majority Leader Kitchin and Representative Flood declined to discuss the subject at the White House. They said that Speaker Clark had been selected to issue all statements. It is known, however, that both of them advised the President that the sentiment in the House for the resolution was strong.  
"The President told the House leaders he felt the United States must stand for the right of Americans to the freedom of the seas. He said he hoped he would be able to conduct the negotiations with Germany in such a way that war would be avoided.  
"Speaker Clark, Kitchin and Flood all expressed the hope that the United States would not go to war over the armed ship issue. They left the White House saying they believed the situation serious.  
"The President is understood to have shown deep reluctance to have declared that if the United States gives up the right of which it is now contending it will lose its position as defender of the principles of international law.  
"Two additional steamboat inspectors at San Francisco, with salaries of \$1800 each, are recommended in the bill. For salaries at the San Francisco Submarine, \$25,720, divided among fifteen employees, is recommended. This is an increase over the 1916 appropriation of \$1800, and will provide an additional clerk.  
"For the San Francisco Mint \$18,000 for

## To Rededicate Church With Prayer and Music

Owing to the fact that St. Anthony's church in East Oakland has been entirely remodeled under the supervision of the recently appointed pastor, Rev. J. W. Sullivan, the edifice will be rededicated with special ceremonies by Archbishop Edward J. Hanna Sunday morning before the 11:30 mass. Archbishop Hanna will be attended by Rev. Francis M. Harvey of St. Patrick's seminary and Rev. Peter C. York, pastor of St. Peter's church in San Francisco and former pastor of St. Anthony's church.  
Following the services a high mass will be celebrated by Rev. William Bruckner of St. Patrick's seminary, while a special choir will sing Terzetti's mass. Miss Josephine Kache, soloist of the choir, will sing Gounod's "Ave Maria" with a violin obligato by Frank Kache, a young Oakland musician. The services will be further dignified by the announcement of a sermon by Archbishop Hanna. His subject will be "The Church of Yesterday and Today." Acceptances to fifty invitations to attend have been received by the pastor from clergymen on both sides of the bay.

## Many Cartoons Reflect Views of U. S. Attitude

LONDON, Feb. 25.—Many cartoons and editorials reflecting upon American diplomacy and the American administration have appeared recently in British publications. Uneasiness is felt in official circles from fear of the effect of these publications upon American opinion.

## Seizure of Foodstuffs Alarms in Budapest

LONDON, Feb. 25.—A dispatch to the Morning Post from Budapest says: "Consternation has been caused among the bakers and peasantry throughout the country, who are hiding enormous quantities of flour and wheat, through the inauguration of a new method for a proportionate distribution of foodstuffs, under which the authorities have begun a systematic search and are confiscating all hidden stocks. The entire country is divided into districts and six thousand inspectors are employed in the search. Prizes have been offered to persons giving information concerning hidden stocks."

## SENATOR LODGE SUPPORTS STAND TAKEN BY PRESIDENT

WASHINGTON, Feb. 25.—Senator Lodge, ranking Republican member of the foreign relations committee, declared in a statement today that he was in full accord with President Wilson's views on the submarine issue as expressed in his letter to Senator Stone and that he would stand by the President.  
"The President takes the precise position that I have taken and have been urging in public speeches for the last 18 months," said Senator Lodge. "I am sure I shall stand by him, in accordance with what he says. I believe it would proclaim us to the world as cowards to tell our citizens that they must not exercise their undoubted rights and that if they do we shall not protect them. A nation that will not protect its citizens cannot protect itself and if democracy fails to protect itself, how can we hope to live."  
The President says: "What we are contending for in this matter is of the very essence of the things that have made America a sovereign nation. She cannot yield them without conceding her independence as a nation and making virtual surrender of her independence, position among the nations of the world."  
"With this also I am in full accord. It is the doctrine I have preached all my life and I am with the President who sets it forth and stands by it."

## Office Hours of U. S. to Be Longer

WASHINGTON, Feb. 25.—Thousands of government employees in the executive departments here would be required to work eight hours a day instead of the present seven by a provision in the legislative bill, as favorably reported yesterday by a House committee. Appropriation carried by the measure total \$77,601,529, a slight increase over last year, but more than \$2,500,000 below the estimates submitted. Among the items are \$4,000 for additions to the State Department clerical force because of war conditions; \$1,000 for promotion of clerical and domestic employees; and \$25,500 for additional Federal steamboat inspectors.  
Two additional steamboat inspectors at San Francisco, with salaries of \$1800 each, are recommended in the bill. For salaries at the San Francisco Submarine, \$25,720, divided among fifteen employees, is recommended. This is an increase over the 1916 appropriation of \$1800, and will provide an additional clerk.  
For the San Francisco Mint \$18,000 for

## A PENN. FIREMAN UNABLE TO EAT

Claims He Suffered From  
Stomach Trouble Until He  
Was Starving.

It used to be considered that only indigestion and dyspepsia were to be traced to the stomach, but in this age of enlightenment modern science proves that many diseases have their beginning in the derangement of this most important organ. Therefore, when your stomach is out of order you can understand how quickly your entire body is affected, thereby affecting other organs which then fail to perform their proper functions. Plant Juice, the new herbal system tonic, acts primarily on all areas of stomach, liver and kidney trouble, as is attested by the numerous testimonials received from people all over the country who have been absolutely cured of their ailments.

Following is the signed statement of Mr. Henry Klingensmith, who resides at 173 Forty-third street, Pittsburgh, Pa., and is a well-known and popular employee of the Pennsylvania Railroad Company. He said:

"I had been informed that I had lumbago, for I suffered from severe pains across my hips, which extended to my stomach. I had suffered a great deal from stomach trouble also, which took the form of indigestion. At times food would make me sick and I would be forced to abstain from eating for a week at a time. My appetite was very bad and I was weak and dizzy. I had tried many remedies, but never received any benefit until I began to take Plant Juice. I noticed a decided improvement in my condition after the very first bottle. I have continued its use until it has now cured me of lumbago and all the pains have left my back and stomach. I am recommending Plant Juice to all of my friends."

Plant Juice is sold in all Owl Drug Stores.—Advertisement.

## GORDON SMILES AT S. P. AGREEMENT

State Railroad Commissioner Alexander Gordon sat in what he termed a "unique hearing" late yesterday when he heard a petition for permission to allow for the construction of a subway on the state highway beneath the Southern Pacific railroad tracks through Niles.

The county has provided the right of way and the expenses of the subway, estimated at \$3,000 are to be shared by the Southern Pacific Company and the county, while the highway commission agrees to maintain pumps in the subway and general upkeep.

"If the Southern Pacific Company has agreed to this, I see no reason why there should be any opposition," said Commissioner Gordon. "It is such an unusual thing for the Southern Pacific to agree with anybody."

The matter was submitted with the understanding that the subway should be completed and in operation within six months.

E. A. Loderer, division engineer, represented the Highway Commission at the hearing and George D. Squires, division engineer, appeared for the railroad company. District Attorney Hynes set for the claims of the county.

## 'TIZ'—A JOY TO SORE, TIRED FEET

Use "Tiz" for Aching, Burning,  
Puffed-up Feet and Corns  
or Callouses.

"Sure! I use 'Tiz' every time for any foot trouble."

Good-bye, sore feet, burning feet, swollen feet, tender feet, tired feet. Good-bye, corns, callouses, bunions and raw spots. No more shoe tightness, no more limping with pain or limping exercise, here is a test worth trying. "Tiz" is magical, acts right off. "Tiz" draws out all the poisonous exudations which puff up the feet. Use "Tiz" and wear smaller shoes. Use "Tiz" and forget your foot misery. Ah! how comfortable your feet feel.

Get a 25-cent box of "Tiz" now at any drugstore. Department store. Don't suffer. Have good feet, glad feet, feet that never swell, never hurt, never get tired. A year's foot comfort guaranteed or money refunded.—Advertisement.

## HOW TO REDUCE YOUR WEIGHT

A SIMPLE, SAFE, RELIABLE WAY.

People who are over-burdened with superfluous fat, know only too well the discomfort and ridicule that over-stout people have to bear.

If you are carrying around five or ten pounds of unnecessary fat you are unnecessarily weakening your vital organs and are carrying a burden which destroys the beauty of your figure.

There is no need of anyone suffering from superfluous fat. If you want to reduce your weight in a simple, safe and reliable way, without starvation diet or excessive exercise, here is a test worth trying. Spend as much time as you can in the open air, breathe deeply and get from Drug Den at Kahn's, Broadway, San Francisco and Sixteenth street, or any good druggist a box of oil of korein capsules; take one after each meal and one before retiring at night.

Weigh yourself once a week so as to know just how fast you are losing weight and don't leave off the treatment or even skip a single dose until you are down to normal.

Oil of korein is absolutely harmless, is pleasant to take and helps digestion. After a few days' treatment has been reported to show a noticeable reduction in weight, footprints become lighter, your work seems easier and a light and buoyant feeling takes possession of your whole being.

Every person who suffers from superfluous fat should give this treatment a trial.—Advertisement.

## TO MARK COMING OF AUTO PLANT

City Will Take Part in Ground-  
Breaking for Chevrolet  
Factory.

Oakland will take official notice of the beginning of the work that will give the municipality the first big automobile manufacturing of the Pacific coast next Monday when ground will be broken for the \$250,000 Chevrolet factory which is to be erected in the Elmhurst district. Mayor John L. Davis, members of the city council and officers of the Chamber of Commerce will take part in the ground-breaking exercises.

A large delegation of Oakland business men will join in celebrating the advent of the big concern to the city. It is expected that 200 automobiles, filled with Chamber of Commerce members, will drive out to the factory site. The automobile procession will form at Hotel Oakland at 1:30 o'clock Monday afternoon. From the hotel the parade will proceed to the city hall, where Mayor Davis and other city officials will join the ranks, and the crowd will proceed to the factory site.

There a public service will be held. Mayor Davis will welcome the Chevrolet people to the city, as will some speaker representing the Chamber of Commerce. Norman De Vaux, president of the Chevrolet Motor Company of California, will give the response for the corporation. F. H. Woodward, Harry Laffer and E. J. Henderson are members of the Chamber of Commerce committee which has the affair in charge.

According to De Vaux, the modern plant of the Chevrolet Company is to be rushed to completion, the necessary machinery installed and the factory in operation by July 1 of this year. Fully equipped and in operation, the property of the Chevrolet Company will mean an investment in Oakland of at least \$1,000,000. More than 500 men will be employed when the factory opens. De Vaux says that more than 3000 automobiles will be manufactured and assembled in the local plant during the first fiscal year. The local plant will have a capacity of 12,000 cars a year.

## DEATH ENDS SPEED DRIVE OF AUTOIST

Ralph Palmentier Killed and  
Five Injured in Bad  
Spill.

LOS ANGELES, Feb. 25.—Ralph Palmentier of San Francisco was killed, Ross Lawrence, a local automobile agent, probably was fatally injured, and four other persons were severely hurt early today when an automobile driven by Lawrence turned over near Tropic, a suburb. The driver lost control in rounding a curve.

Palmentier and Lawrence, Mrs. Palmentier and Mrs. Lawrence, Mrs. H. E. Diskell and her son, Henry Diskell, the other occupants, were thrown clear of the machine. They were taken to a hospital in Tropic for treatment.

SAN FRANCISCO, Feb. 25.—The man killed in Los Angeles is believed to have been Ralph Palmentier, a salesman, 38 years old, recently with his wife has been visiting in Los Angeles. He formerly resided at 878 Paddy street, and Miss May Hendricks of that address received a postal card from the wife dated from Los Angeles this week. Palmentier's mother resides in Santa Barbara. According to information received here he was married four years ago.

## POLICEMAN KILLS WIFE IN QUARREL

Los Angeles Tragedy Follows  
Family Fight; Man Sur-  
renders Self.

LOS ANGELES, Feb. 25.—Patrolman Samuel Lewis of the Los Angeles police force, shot and instantly killed his wife, following a quarrel during which the woman tried to shoot him, according to statements made by Lewis.

Lewis gave himself up immediately after the shooting, which occurred at the home of the couple.

## Three Face Death in Tax Collector's Vault

SAN FRANCISCO, Feb. 25.—For twenty-five minutes three men faced death in suffocation in a safe in the Tax collector's office at the City Hall yesterday afternoon while a hundred persons worked in a frenzied effort to liberate the imprisoned men. Finally the combination of the vault was found, and with the help of the imprisoned men, who battered of the inside of the steel door with scantlings, the safe door swung open and the three men staggered out to liberty.

The men who narrowly escaped suffocation were A. L. Anderson, J. E. Marshall and Jack Munster, employees of the board of public works.

VOTED OUT OF CLUB. STANFORD UNIVERSITY, Feb. 25.—Donald Malcolm Ross of Modesto, who carried his protest against having been "tubed" by sophomores, fellow members of Encina Club, to the Palo Alto police and then to President Wilbur, has been voted out of El Toro Club, where he has been accustomed to eat.

## This Man Must Eat Twelve Meals a Day

BALTIMORE, Md., Feb. 25.—Surgeons connected with the University hospital are interested in an operation through which a large portion of the stomach of Harold B. Arnold was removed and a new digestive organ, formed from the unaccepted tissues, slightly smaller than the ordinary stomach, was put in its place. His condition is greatly improved and he receives predigested food through a glass tube.

## A Capwell News Column for MEN

A few of the following  
dressy things, will get you  
in tune with the Spirit of  
Spring.

## Men's Furnishing Department

Just Inside 14th St. Entrance.

Latest Novelties in  
Cravats  
Ready for Your Inspection.

Diagonal stripes, with blending rainbow hues, are the most liked designs and colors in Spring ties. Some of them seem like an echo of the Exposition scintillator. You can't feel him when you wear one. Flowered patterns in light blues and greens also carry the freshness of Spring, and the cheery sunspot pattern is bound to please you. Look for the name "Capwell Cravat" on your choice. 50c

The famous "Wearo Tie," re-invented and patented, is featuring a smart two-color lattice work pattern (a very "Sam" rich effect). Price \$1.00

An Almost Endless Array  
of

## Spring Wash Ties, 25c

Made of rich-looking fiber silk in gray and white, with center stripes of black, blue, light blue and black, and embroidered effects in all colors. Each box contains a different pattern. You'll want a dozen. (They're plenty wide.) Main Floor Only.

## Interwoven Socks

"INTERWOVEN" SOCKS (the guaranteed kind). Our complete line of all sizes and all weights—heavy, medium and extra thin—in blacks and whites, are now here. The white socks are in great demand at this season of the year, and this brand is particularly popular because they feel so soft and "silky" and have no seams to rub one's toes. All grades and sizes, with double heel and toe. Per pair, 25c.

"PALM BEACH" FIBER SILK SOCKS, in the sporty golden-sand color (a wonderful wearing sock, with double heel and toe). Per pair, 25c.

And while you are shopping in our Men's Section

## Don't Forget Your B. V. D's

A FEW GINGHAMS AND CHAMBRAYS IN SMALL SIZES FOR MISSES, 50c

## Tomorrow is— Children's Day

SPECIAL EXHIBITION OF NEW COATS

Our Baby and Little Folks' Apparel Section is unboxing some very lovely things for Spring. New undermuslins, new wash dresses, new slips and white dresses, new bonnets, and in fact, everything that belongs to a proper wardrobe for small folks.

Among the week's new arrivals are—

### Coats for Big and Little Girls

Wonderfully pretty new styles in checks, solid materials, fancy mixtures and silk.

### New Paul Jones Middy Blouses

For girls from 8 to 14 years. In all white with navy and light blue collars, also the fashionable stripes in the most popular color combinations for Spring. Both long and short sleeve styles. Some have laced sides, some are belted and some are plain in effect. Prices—\$1.25 to \$1.95.

MIDDY SKIRTS—To wear with blouses in navy and white. Both gored and pleated styles.

## New Millinery That Tells Its Own Story

### Ribbon Trimmed Hats

High in Fashion's favor. New ones daily.

Odd shaped turbans with ribbons, large broad hats with ribbons and dress hats in which ribbons are conspicuous in the trimmings. The ribbons themselves are gay in color or dark hued as the preference may be.

The showing includes the new pin wheel ribbon hat at \$5.00, and the other range in price to \$18.00.

## Women's New Sport Hats

They are so simple, so smart and so useful for outdoor occasions that they have become a necessary adjunct to a woman's wardrobe. The new ideas run to satin and ribbon combinations and straws of various kinds—\$2.95 up.

## STOP! CALOMEL IS-QUICKSILVER

It's Mercury! Attacks the Bones, Salivates and Makes You Sick.

There's no reason why a person should take sickening, salivating calomel when 50 cents buys a large bottle of Dodson's Liver Tonic—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can't salivate.

Children and grown folks can take Dodson's Liver Tonic, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tonic instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tonic acts better than horrible calomel you're money is waiting for you.—Advertisement.

**ROOSEVELT'S TAXES DOUBLED.**  
OSTER BAY, N. Y., Feb. 23.—The high cost of living in Oyster Bay will be brought home to Theodore Roosevelt when he pays his taxes for this year. Last year he paid \$750 on his Sagamore Hill property. This year he is asked for \$1500.

## SIX ARE CUT IN WAR TALK FIGHT

Seattle Street Dispute Ends When Bowie Knife Is Drawn.

SEATTLE, Wash., Feb. 23.—George Yachik, a Montenegrin, 35 years old, ran amuck in a crowd discussing war bulletins at a Union street corner here and stabbed six persons; one probably fatally, before he was overpowered by a policeman.

R. B. Dommer, 30 years old, was stabbed in the back of the head. The cut extended through to the mouth and almost covered an artery. His condition is critical.

Others injured, all of whom will recover, were: Carl Erickson, a mining man of Dawson, Y. T., stabbed in neck.

Frank Wattle, stabbed in neck.

Walter Taber, stabbed behind right ear.

Louis Ceborg, stabbed in back.

J. M. Peterson, stabbed in neck.

After his arrest, Yachik refused to talk. An examination will be made to determine his sanity.

E. H. Langland, who was in the crowd, told the police Yachik was listening intently to a war argument. Suddenly he muttered: "I'm going to kill every German here," and then began wielding his knife indiscriminately, stabbing pro-Germans, pro-Allies and neutrals without distinction.

**TOGO'S SON ARRIVES.**

SAN FRANCISCO, Feb. 23.—Neat and dapper, and speaking English with all the diffidence of a Frenchman embarking for the first time on the choppy waters of the English Channel, arrived in San Francisco yesterday Hya Togo, eldest son of Admiral Helibachiro Togo, who defeated the Russian fleet in the straits of Tsushima.

Young Togo has been in England studying horticulture, and is on his way home. He is at the Fairmont hotel.

**CLEAR YOUR SKIN RESTORE YOUR HAIR**

**WITH CUTICURA SOAP AND OINTMENT**

The Soap to cleanse and purify, the Ointment to soothe and heal, those conditions which affect the purity and beauty of the skin and hair.

Samples Free by Mail.

Cuticura Soap and Ointment sold everywhere. Liberal sample of each mailed free with 25c. book. Address post-card "Cuticura," Dept. 50, Boston.

**HOW SHE ENDED TEN YEARS OF SKIN-TORTURE**

If you have an itching, burning, unsightly skin-trouble, you can imagine the feelings of Mrs. C. Roberts, when she wrote: "I had eczema on my face for ten years. Little red pimples formed in a small spot on my chin and then spread all over my face. They itched and burned me awfully. It was certainly embarrassing to me, and I would not go amongst people. I tried almost every remedy and this trouble, but nothing did me any good. I used Resinol Ointment and Resinol Soap, and was relieved in a day or two. In one month I was cured. This was six months ago and the trouble has never returned."—Weatherford, Oct. 28.

Every druggist sells Resinol Ointment and Resinol Soap and doctors have prescribed the Resinol treatment for over twenty years.—Advertisement.

**SPRING SUITS**

## SCHOOL DIRECTORS ADOPT 3-YEAR PLAN Building and Improvement Program Is Fixed by Education Board

That factional differences in the Board of Education have been buried and the board is unanimous at least in the plan, outlined by Superintendent Barker last week, for the Oakland schools, was the declaration of Director Louis Aber last night, when he declared that the board would carry out the building program laid down by experts, regardless of neighborhood demands.

"In three years every neighborhood will be satisfied," he declared. "But the first year we cannot satisfy it. It will do good to appeal to individual members of the board—the board is solid on this matter. Let the neighborhoods stand together for we propose to work for the schools of the city at large."

This announcement, made at the Board of Education session last night, was the result of a delegation of women had appeared to demand immediate improvements at the Highland school. Aber refused to meet with the neighborhood on the ground that he did not care to listen to neighborhood demands, a state of mind which the board was confirmed, it would adhere to the scientific program laid down for it.

"I don't like the name," objected Boyle. "We ought to name the school after some President or great man. Why, think of a city of Oakland's size not having a school named after Thomas Jefferson until a few years ago?"

The request was granted over Boyle's protest. Miss Luisa Vercelli was granted permission to conduct a free school for Italian in a room in the Emerson school. She declared that many of these people in her district, who work hard in the day time could not attend the Central evening school, and volunteered to teach them in the Emerson school if granted permission so to do. She was backed by G. W. Clark of the Y. M. C. A. educational department, who declared that there was a crying need of such a school, and that the Y. M. C. A. would build the school.

**PLAN TO STAND.**

"We have a plan for school improvements prepared by scientific study," declared Aber, "and it will take three years to complete it. We will satisfy all neighborhoods when completed, for every district will have the school facilities it needs. But we can only do a part of it in one year. Everyone cannot be satisfied at first."

"Now, we have arranged every detail of this plan, and the board is unanimous on it—no fighting factions or dissension. If you people do not get what you want the first year, every school neighborhood during the three years for the general good of the city. Within three years you will get yours."

"It will do no good to work on any member of the board, for the board is unanimous."

The board, said Aber, had met in committee and decided that the only way to get all the school improvements needed was to be guided by an expert's report covering the whole city. Every school will be entered during the three years where enlargements are needed, and a number of new ones built, according to the program.

Mrs. Lucy Barker of Elmhurst took violent exception to Aber's statement. "We need the school improvements there at once, and we want them at once," she declared. "And as for Superintendent Barker's report, I know more about the district out there myself than he does. In fact, I am better posted than almost anyone else."

"We will start the improvements where they will be most needed," declared Superintendent Barker. "It may be at the Highland school, or it may be elsewhere. We will make a careful survey to decide."

"Well, all the live people of Elmhurst are here in the room, and we know what we want," said Mrs. F. Watts.

"I understand," said Superintendent Barker, "that you are in the meantime to confer with the mothers' clubs. It is probable that the work will start at the Highland school, as a fund of \$4000 is now in possession of the board for that particular plan."

The dispute as to whether the district attorney or city attorney is the legal adviser of the Board of Education, a dispute in which Director Edwards, a dispute with other members of the board, will be settled by the state attorney-general, according to a resolution presented by Edwards last night. "This state attorney-general has to get a ruling on whether the state school law, making the district attorney the legal adviser of the board is not superseded by the city charter."

This resolution was passed without protest as follows:

Whereas the question has been raised by members of this board as to whether the city attorney of Oakland or the district attorney of Alameda county is the legal adviser of the Board of Education of the City of Oakland; and

Whereas it is important that the question should be finally settled by some official other than the city attorney or district attorney; therefore, be it

Resolved, That the secretary of this board be and he is hereby directed to communicate, at once, in writing, with Hon. Edward Hyatt, superintendent of public instruction of the state of California, respectfully requesting said Edward Hyatt, as such superintendent, to make a written request upon Hon. U. Webb, attorney-general of the state of California, calling his attention to the legal question, and also calling his attention to the fact that the question has been raised by members of this board as to whether the city attorney of Oakland or the district attorney of Alameda county is the legal adviser of the Board of Education of the City of Oakland; and

Resolved, That the secretary of this board be and he is hereby directed to communicate, at once, in writing, with Hon. Edward Hyatt, superintendent of public instruction of the state of California, respectfully requesting said Edward Hyatt, as such superintendent, to make a written request upon Hon. U. Webb, attorney-general of the state of California, calling his attention to the legal question, and also calling his attention to the fact that the question has been raised by members of this board as to whether the city attorney of Oakland or the district attorney of Alameda county is the legal adviser of the Board of Education of the City of Oakland; and

Resolved, That the secretary of this board be and he is hereby directed to communicate, at once, in writing, with Hon. ## WOULD PROTECT NEWLY EMPLOYED

State Bureau Investigates the Chance of Abuse of System.

Mrs. Helen I. Power, superintendent of the recently opened state employment bureau at Tenth and Franklin streets, today announced that special care has been ordered by the state in sending out young women to fill positions, carefully investigating each prospective employer with the idea of determining the environment in which they will be compelled to work. This precaution is being taken because of the fact that various officials have called to their attention efforts made by employers in houses of questionable repute to employ respectable girls as "blinds."

Every prospective employer making application for employees at the local bureau is investigated upon appearing at the office of Mrs. Powers. A mass of data as to his or her business and the nature of the work to be performed by the employee is requested of each. Mrs. Powers must be personally satisfied as to the integrity of the applicant before she will send a woman out to secure a position.

If there is anything suspicious about the actions of the applicants for help," she said today, "I go out and make personal investigation. So far, I have had no trouble, but I am always on the watch for any attempt to use this bureau for any such purpose."

Although the local bureau has been opened little more than two weeks, more than 1000 men and women have registered there as seekers of positions. Every known trade and profession, Mrs. Powers declares, is represented in the list of applicants. Even actors of the legitimate stage and motion picture actors and actresses are included in the list.

"We need further co-operation with the employers," Mrs. Powers continued. "The impression seems to prevail that we have none but cheap help here. That is wrong. We have on our lists of applicants the very best of tradesmen, bookkeepers, clerks and such men as well as stenographers and the better class of working girls. The employers apparently do not know this, and when they find it out they will co-operate with us to a greater extent."

**Abe Ruef's Holdings Given in Affidavit**

SAN FRANCISCO, Feb. 23.—All of the realty holdings which Abraham Ruef turned over to his father and mother at the time of his indictment and conviction, and which they subsequently deeded to a corporation of which Ruef's sister was made president, are set forth and described in a suit to quiet title filed in the Superior Court yesterday under the name of Mrs. Ruef.

The action is to restore records destroyed by the fire of 1906, and is one of the most comprehensive ever brought under the McInerney act. The Ruefs have waited nearly ten years before bringing action and making their holdings public.

Ruef owns at Pierce and Green streets. A lot on Moraga, near Seventh avenue. Two lots at Anza and Twenty-fourth avenue. One lot at Balboa near Twenty-fourth avenue.

Two lots on Clay street, near Hyde. Lot on Kearny street, near Jackson. Lot on Chestnut street, near Stockton. Lot on Powell, near Union.

Two lots on Filbert street, near Mason. A lot on California and Kearny streets. Lot on Mission street, near Randall. Lot on Egbert avenue, near Ingalls street.

Eight lots in tide land block No. 711. Sixteen lots in tide land block No. 712.

**NAME BANK VICE-PRESIDENT.**

SAN FRANCISCO, Feb. 23.—The Legislature yesterday ended its extra session after adopting the administration code, including the new city charter. Commissioner Deveyra, a native, has been appointed executive secretary, a post which had become vacant by the election of Samuel D. Ferguson to be vice-president of the Insular bank.

**"1915" BILL HELD UP.**

BOSTON, Feb. 23.—Items showing charges for broken champagne glasses, taxicab hire, valet services, roses and violets, and catered lunch have caused State Auditor Alonzo B. Cook to hold up the expense account of the Massachusetts commission to the Panama-Pacific International Exposition.

Found Simple Remedy that Relieved Child

Mild Laxative Compound Corrects Stubborn Case of Constipation.

An important duty that devolves on parents is the regulation of their children's bowels. Health in later life depends in large measure on early training and a child should be taught from infancy to regular habits.

When from any cause the bowels become congested with stomach waste a mild laxative should be employed to open up the passages gently and carry off the congested mass. A most effective remedy for this purpose is the combination of simple laxative herbs known as Dr. Caldwell's Syrup Pepsin. Mrs. W. D. Bulls of Reed, Okla., used Dr. Caldwell's Syrup Pepsin for her baby boy, Harley Buren Bulls, and says: "It did him more good than anything we have given him. His bowels are very stubborn about acting, but they act easily every time I give him Dr. Caldwell's Syrup Pepsin."

HARLEY BUREN BULLS

Thousands of homes, druggists everywhere sell it for fifty cents a bottle. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 464 Washington St., Monticello, N. Y.

Woman Walks Into Surf to End Melancholy

SAN FRANCISCO, Feb. 25.—Mrs. J. Kirkpatrick, 22 years old, who lived with her husband at 264 Boddie street, ended her life in the surf below the Cliff House last night, having stripped before entering the ocean water. She had been ill and despondent. On Wednesday afternoon she tried to end her life in the same

place. This time she was successful. Her clothes were found and identified. Life savers could not find her body. It is thought that she tied a weight to herself. LEAVES HUSBAND SLEEPING.

Mrs. Kirkpatrick was taken home by her husband after Wednesday's effort. She appeared to be sane and to regret her rash action. Last night they had supper together. Afterward he fell asleep for a few minutes but the kitchen fire, when he awoke, she was gone. She had taken car fare from his pocket.

Uncle Wiggily And the Third Little Kitten

(By HOWARD R. GARIE)

Uncle Wiggily Longears, the nice old gentleman rabbit, came walking slowly up the front path that led to his hollow stump bungalow. He was limping a little on his red, white and blue striped rubber shoe rheumatism crutch that Nurse Jane Fuzzy Wuzzo, the mustered lady nurse, had given for him out of a cornstalk.

"Well, I'm glad to be home again," said the rabbit uncle, sitting down on the front porch to rest a minute. And just then the door in the hollow stump opened, and Nurse Jane, looking out, said:

"Oh, here he is now, Mrs. Parr."

"With that cat lady came to the door and she said:

"Oh, Uncle Wiggily! I thought you never would come back. Did you find her?"

"Find who?" asked the rabbit gentleman. "I was not looking for any one. I have just been down to Lincoln park to see the squirrels who live in a hollow tree. They are second cousins to Johnnie and Pussie Bushytail, the squirrels who live in our woods. I had a nice visit with them."

"Then you didn't find Wuzzo, my little lost kitten, did you?" asked Mrs. Parr, the cat mother.

"What? Is Wuzzo still lost?" asked the bunny uncle in great surprise. "I thought he had come home."

"No, she hasn't," said Mrs. Parr. "You know you found my other kittens, Fuzzo and Muzzo for me, but Wuzzo, the third little kitten, is still lost. She has been away all night, and I came over here the first time this morning, and I told you I would not kindly go look for her. But you had already left and I have been waiting here ever since for you to come back."

"Yes, I stayed longer with the park squirrels than I meant to," said Uncle Wiggily. "But now I am back. I will start off and try to find Wuzzo. It's too bad your three little kittens ran away."

"They had, you know, I told you in the two stories before this one. The three little kittens, ate cherry pie with their nice new mittens. And they were so afraid their mother, Mrs. Parr, would scold them that they all ran away."

"But Mrs. Parr was a kind cat, and would not have scolded at all. And when she found her three little kittens were gone she asked Uncle Wiggily to find them."

"And you did find the first two, Fuzzo and Muzzo," said the cat lady. "So I am sure you can find the third one, Wuzzo."

"I hope I can," Uncle Wiggily said. "I remember that I meant to find her, but my rheumatism hurt me so I had to come back to my bungalow. I'm all right now, though, and I'll start off at once."

So away over the fields and through the woods went Uncle Wiggily, looking for the third little lost kitten. When he had found the two other kittens, he had them wash the pie juice off their mittens, so they were nice and clean. And then the kittens were all afraid to go out, so Uncle Wiggily looked all over for the third little kitten, under bushes, up in trees (for trees are not his friends) and even behind big rocks Uncle Wiggily looked. But no Wuzzo could he find.

At last, when the rabbit gentleman came to a big hollow log that was lying on the ground, he sat down on it to rest, and all of a sudden, he heard a voice inside the log speaking. And he asked:

"Fussy cat, pussy cat, where have you been?"

"I've been to London to see the queen," answered another voice.

"Pussy cat, pussy cat, what did you there?"

"I frightened a little mouse, under her chair," came the answer, and this time it was a little mouse who spoke. Uncle Wiggily was sure.

The old rabbit gentleman looked in one end of the hollow log, and he saw Wuzzo. He saw Wuzzo, the third little kitten, and he saw Wuzzo, the third little kitten, and he saw Wuzzo, the third little kitten.

And besides Wuzzo, Uncle Wiggily saw Neddie Stubbail, the little bear boy, who always slept in a hollow log all winter. But this time Neddie was awake, for it was near spring.

"Wuzzo! Wuzzo! Is that you? What are you doing there?" asked Uncle Wiggily. "Don't you know the way home? I'm looking all over for you, and that she has sent me to find you? Why don't you come home?"

"I'm afraid to," said Wuzzo, crawling out of the hollow log, and Neddie, the boy bear, also crawled out, saying:

"Hello, Uncle Wiggily."

"How do you do, Neddie?" spoke the bunny uncle. "How long has Wuzzo been staying with you?"

"She just ran in my hollow log," said the little bear chap, "and her tail brushed against my nose, tickled me so that I sneezed and awakened from my winter sleep."

"Where have you been all night, since you ran away, Wuzzo?" asked Uncle Wiggily.

"Well, answered the third little kitten. "After Fuzzo and Muzzo and I sailed our mittens with cherry pie we all ran away."

"Yes, I know that part!" spoke the bunny uncle. "It was not right to do, but I have found the two other lost kittens. Couldn't find you, though. Why was that?"

"Because I met Mother Goose," said Wuzzo, "and she asked me to go to London to see the queen. She took me through the back of her big garden, and we flew as quickly as you could have gone in your airship. So she could have gone in your airship. So she could have gone in your airship."

"Oh, I did that for her, in the log," said Neddie Stubbail, laughing. "With my red tongue I licked off all the cherry juice, and she was tickled very much. So, now the mittens are clean."

"Good!" cried the bunny uncle. "Now we will go to your mother, Wuzzo. She will be glad to know you frightened a little mouse under the queen's chair. So Uncle Wiggily took the third little kitten home, and thus they were all found. And if the cat on our roof doesn't jump down the chimney and scare the lemon pie as it turns into an apple dumpling, I'll tell you next about Uncle Wiggily and the Jack horse."

SKIRTS GROW LONGER; HATS ARE GOING UP; PRICES ALSO PERFORM

THE SHORT SKIRT HAS BROUGHT OUT EVERYTHING FROM THE SPINDLY CHIPPENDALE TYPE TO THE STURDY, MASSIVE SQUARE PIANO AND BILLIARD TABLE SORT

Joyful Tidings Out! Waists Will Button Down Front; Gowns Have Pockets

(By CLARYCE)

Women will wear their skirts longer this season and apparently wealthy society lady told me so.

Women's hats are going to be higher. In architecture, that is. There is no assurance that otherwise anything but the usual ten-foot clothes 'prop will reach one.

And still they look much the same so far as the basement and first floor are concerned. The milliners are merely building a second and third story onto the things.

The hats are still tight around the face, and as much so as the males who have to pay for them. The "height" the milliner I saw spoke most glibly of height—runs to the aeroplane, rudder and military effect. The aeroplane comes in by moon. Thus there can be one loop or two of ribbon projecting upward whirly.

The ruder idea carries the bow to the rear, with a genial tilt toward the zenith. When draped over the seat of a car it is warranted to cause the probability of a male as one road and two inches.

They are showing gowns—I called them frocks and the woman called me something else—that are loopy, droopy, pocketty things. They have more pockets than a pool table. A whole family of children could be carried. Kansas is what I want. Begone, monst!

"That's how I found out that they'd wear skirts longer. A beautiful, charming, rich and apparently wealthy society lady told me so."

The "height" the milliner I saw spoke most glibly of height—runs to the aeroplane, rudder and military effect. The aeroplane comes in by moon. Thus there can be one loop or two of ribbon projecting upward whirly.

The ruder idea carries the bow to the rear, with a genial tilt toward the zenith. When draped over the seat of a car it is warranted to cause the probability of a male as one road and two inches.

They are showing gowns—I called them frocks and the woman called me something else—that are loopy, droopy, pocketty things. They have more pockets than a pool table. A whole family of children could be carried. Kansas is what I want. Begone, monst!

"That's how I found out that they'd wear skirts longer. A beautiful, charming, rich and apparently wealthy society lady told me so."

Women's hats are going to be higher. In architecture, that is. There is no assurance that otherwise anything but the usual ten-foot clothes 'prop will reach one.

And still they look much the same so far as the basement and first floor are concerned. The milliners are merely building a second and third story onto the things.

The hats are still tight around the face, and as much so as the males who have to pay for them. The "height" the milliner I saw spoke most glibly of height—runs to the aeroplane, rudder and military effect. The aeroplane comes in by moon. Thus there can be one loop or two of ribbon projecting upward whirly.

There is one safe, dependable treatment that relieves itching, tortures instantly and that cleanses and soothes the skin.

Ask any druggist for a 25c bottle of Zemo and apply it as directed. Soon you will find that pimple, blackheads, eczema, ringworm and similar skin troubles will disappear.

A little Zemo, the penetrating, satisfying liquid, is all that is needed, for it banishes all skin eruptions and makes the skin soft, smooth and healthy.

Zemo, Cleveland.—Advertisement.

Make Skin Smooth

There is one safe, dependable treatment that relieves itching, tortures instantly and that cleanses and soothes the skin.

Aikali in Soap Bad for the Hair

Soap should be used very carefully, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is just ordinary multistep coconut oil (which is pure and greaseless), and is better than the most expensive soap or anything else you can use.

One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dirt, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get multistep coconut oil at any pharmacy. It's very cheap, and a few ounces will supply every member of the family for months.—Advertisement.

## U. C. SOLDIERS SAVE BERKELEY FROM CAPTURE; ANNIHILATE FOE

Freshman Company Taking Advantage of Thousand Oaks Enthusiasm to Pick Off Invading Foe South of Cerrito Creek.

### Wife Charges Justice Coburn With Beating

John C. Coburn, for many years justice of the peace in Emeryville and a prominent figure in the political activities of the town and in Alameda county, has been made defendant in a suit for divorce brought by his wife, Catherine, who charges him with cruelty.

Mrs. Coburn, herself actively identified with women's clubs and with Emeryville politics, says that her husband beat her. That in the substance of her complaint, which briefly recites the alleged circumstances.

Judge Coburn was formerly a trustee of the town of Emeryville, where he is engaged in business, operating a San Pablo department store. The couple were married in 1902 and have three children of whom the mother asks custody, together with suitable share in their community property.

### GIRLS! MOISTEN A CLOTH AND DRAW IT THROUGH HAIR

It Becomes Beautifully Soft, Wavy, Abundant and Glossy at Once.

Save Your Hair! All Dandruff Goes and Hair Stops Coming Out.

Simply try a "Danderine Hair Cleanser" if you wish to immediately double the beauty of your hair. Just moisten a cloth with danderine and draw it carefully through your hair, taking one small strand at a time; this will cleanse the hair of dust, dirt or any excessive oil—in a few minutes you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance.

Besides beautifying the hair, one application of Danderine dissolves every particle of dandruff; invigorates the scalp, stopping itching and falling hair.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will just get a 25-cent bottle of Danderine from any drug store or toilet counter and try it as directed.

Save your hair! Keep it looking charming and beautiful. You will say this was the best 25 cents you ever spent.—Advertisement.

Send for free valuable booklet on Stomach Ailments to Geo. H. Mayr Mfg. Chemist, 154-156 Whiting street, Chicago, Ill. For sale by druggists everywhere.—Advertisement.

### But Students Only Battle Myth Enemy

Cadets of the University of California again saved Berkeley from capture by an invading foe yesterday afternoon when, on the slopes from the hills across Northridge and Thousand Oaks they met, surrounded and annihilated the foe. This was one of three duplications of actual war problems which the college soldiery faces during the year, and which furnish the basis for problems to be sent out to other universities by the Department of War.

More than 1500 cadets participated in yesterday's mimic warfare, meeting an enemy which was supposedly last seen by the advance guard making a landing at the mouth of Geronimo Creek. The maneuvers continued from 2 until 5 o'clock, terminating when freshmen and sophomore battalions outflanked the foe and effected his destruction.

The cadets were summoned a little after 1 o'clock and marched from the campus a few minutes later under the immediate command of Lieutenant L. Johnson, U. S. A., and the general direction of their commander, Major John T. Nance, U. S. A. With the data in hand the commanders thought best to prevent a flanking movement of the foe along the shore and sent several sophomore companies to head off this prospective incursion.

**FRESHMEN START ADVANCE.**

Meanwhile two freshman battalions were detailed to the right flank, along the upper slope of the hills. The first advance was made by the freshmen on the right under command of Major Eddy. The sophomore executed a similar advance along the shore, narrowing the enemy's space by a slightly oblique movement. Companies A, B and C of the first sophomore battalion were thrown into the first firing line, with Company D as a reserve and Company E in support.

Sophomore companies finally succeeded in outflanking the foe from the west without suffering any indentation of the defending center. Freshman companies simultaneously swung in from the right, while a provisional company of Thousand Oaks from assault, awaiting orders for advance to threatened points. The battle ended with the enemy stopped from advance across lower Northridge and surrounded on both flanks and the rear.

**ONE UNMILITARY EVENT.**

The cadets went into battle in regulation dress, bearing their arms and supported by mounted divisions of engineering corps, field hospital service and other auxiliaries. Camp followers, drawn from numerous residences in Northridge and Thousand Oaks, were numerous just out of range of the imaginary gun fire. The only unmilitary event of the day occurred when a sophomore company quite deserted the colors to enjoy a fight between a three-legged dog and a field mouse, where an object lesson in field tactics was followed with interest.

One more drill in the open is planned for the cadets by Major Nance at the end of the college year. A whole day will be spent in the field on that occasion.

### French Confections for Cafe Chantant

Under the direction of Mrs. Mark L. Requa, chairman of the Cafe Chantant committee, who are planning this benefit for the Anti-Tuberculosis Society at Hotel Oakland on March 2, a committee of ladies are working under the leadership of Mrs. Edward von Adelung, making delicious French candy and chocolate confections which will be sold in dainty and elaborate boxes at the Cafe Chantant.

Mrs. von Adelung is assisted by the following committee: Mrs. David B. Brown, Mrs. Irene Barrett, Mrs. Allen G. Freeman, Mrs. Walter Morris Hart, Miss Lucy Herrick, Mrs. Madison R. Jones, Mrs. Clifton Mason, Miss Ernestine Moller, Mrs. Thomas Olney, Mrs. Harrison S. Robinson, Mrs. Thomas G. Thomas.

Guests at the Cafe Chantant can well expect some pleasant surprises in delicious home made candy. The boxes of candy will be sold by a bevy of prettily gowned young ladies, whose names will soon be announced.

### U. C. Man Critic of Health Department

Dr. F. F. Jackson, commissioner of public health and safety, stated today that he was progressing with his investigation as to what is wrong with the health department, and that he hopes in a few days to be in a position to announce his findings, and to suggest remedies. It is intimated that there may be radical changes as a result of Commissioner Jackson's investigation.

"There must be something wrong with a health department, the laboratories of which send us work they should handle themselves," said Dr. Jackson, director of the State Bacteriological and Hygienic Laboratories at the University of California. "We are expected to attend to the needs of cities of less than 20,000 population, and not of cities of the size of Oakland."

### Old Melodies to Ring in Civic Auditorium

The Oakland Civic Auditorium will ring with the melodies of by-gone days next Tuesday evening, when three hundred trained voices of the Alameda County Chorus, under the direction of Alexander Stewart, will repeat the great Home Song Concert given by them last year with such success.

Assisting the chorus will be the following soloists: Mrs. J. B. Morrish, soprano; Mrs. Eva Gruninger Atkinson, contralto; Robert M. Eastman, tenor; Lowell M. Redfield, baritone; Archie Thomas, tenor; Miss Marian Nicholson, violin. A nine quartet comprising the following singers will also give several numbers: Robert M. Eastman, first tenor; Hugh J. Williams, second tenor; Lowell M. Redfield, first base; Albert Gruninger, second base. Mrs. Mabel Hill Redfield is the accompanist of the chorus.

**SUICIDE NOT CRONES.**

NEW YORK, Feb. 25.—The police announced today that the man who committed suicide yesterday in Newark, N. J., was not Jean Crone, the chief who attempted to poison Archbishop Mundelein and 300 guests at a banquet in Chicago, as was at first believed. A patrolman who had known Crone personally examined the body and stated that it was not Crone.

**LARCENY CASE SETTLED.**

The case of "Sims versus Kelly," in which Mrs. Annie E. Sims instituted proceedings against Miss Florence I. Kelly for the theft of fifty dollars' worth of goods from her home at 2054 Franklin street, and which was mentioned from February 5 to March 1 by request of Miss Kelly's lawyer, was settled out of court this morning by Miss Kelly going before District Attorney Deacon and making a confession in writing.

**PSYCHOLOGY LECTURE.**

BERKELEY, Feb. 25.—The Psychology of morality, to be discussed in the meeting of the Philosophical Union tonight by G. M. Stratton, professor of psychology at the University of California, is to be one of a series of lectures given under the auspices of the union on the general subject of "The Meaning of God in Human Experience."

### NO APPETITE—LITTLE SLEEP

Symptoms of a Run-Down Condition, We Have a Remedy.

We ask every weak, run-down person in Oakland to try our Vinol, with the understanding that their money will be returned if it does not re-establish their health. Letters like the following give us confidence in our "at the end of the day" business and on my feet most of the time. I got so weak and run-down that I lost my appetite and was unable to sleep, had a severe chronic cold and lost my color. I learned about Vinol through a friend, and within three weeks after the end of the day I was improved, and soon gained in weight, health and strength. I am recommending Vinol to my friends and they also speak highly of it." Catherine Hoar, West Chester, N. Y.

In hundreds of cases where old-fashioned cod liver oil preparations have failed to restore strength and health, Vinol has succeeded, because while it contains all the curatives they do, its good work is not retarded by useless grease and oil. The Owl Drug Co., Oakland, Cal.

P. S.—In your own town wherever you live there is a Vinol drug store. Look for the sign.—Advertisement.

### KIDNEY DISORDERS QUICKLY RELIEVED

Leading druggists everywhere are establishing new records in the sale of medicine. Believing that no medicine ought to be paid for unless it does the user some good, they have adopted the plan of selling Solvax, the standard kidney remedy, under a positive guarantee of quick relief from all kidney or bladder misery, or money back without a question. This speaks eloquently for the virtues of the remedy and shows the great demand for it here in Oakland. Hundreds of people in every walk of life have been relieved of the agonies attendant on weak, disordered or clogged kidneys and bladder by this remarkable remedy. It is not just merely a kidney treatment, it is a medicine that aims to put the entire body back into normal condition and give vigorous health after the many painful disorders caused directly or indirectly by sick kidneys. A change for the better will be seen after the first few doses of Solvax and its continued use should soon tone up the entire system of improperly working organs and give the desire to live and enjoy life to its fullest.

Solvax is considered by many the best kidney remedy on the market today because it aims to cure by striking directly at the cause of all the trouble. The many pains and aches caused by misperpetrating kidneys cannot be permanently cured unless the cause is removed.

Solvax is sold under a positive guarantee to refund the money if it does not cure. This is the strongest proof that can be offered as to the merit of the medicine. You are cheating yourself out of your life if you don't give Solvax a chance. Get it today from The Owl Drug Co., or any leading druggist in this vicinity.—Advertisement.

## 'POP' CONCERT TO BE HIGH ORDER

Steindorff Program Has Vocal Stars for Sunday Numbers.

With two new soloists to make their debuts to the music lovers of the east bay cities, unusual interest is being taken in next Sunday afternoon's "pop" symphony concert. Almost of equal interest to the first appearance Miss Agnes Sievers, Oakland society girl and protégée of Alice Gentle, the great singer, will be the introduction to music lovers and opera goers of Helen Beatrice Cooper, dramatic soprano, who has been studying abroad for the past year. Miss Cooper is one of the many singers who had written to Conductor Paul Steindorff asking for an opportunity to sing at the concert. She heard of the success of the concert series while staying in Los Angeles and Steindorff sent for her there.

Miss Cooper up to six months ago was studying in Dresden, Germany, with Herr Franz Armbruster, a renowned teacher and close friend of Julius Lehmann, who is considered the greatest teacher of Germany. She has sung at the Royal Opera House in Dresden under the direction of Von Schucke, one of the greatest conductors in Germany. With the close of the war she is going back to Germany to complete her education. Steindorff considers himself particularly fortunate in having secured her for the coming concert. Miss Cooper's voice is especially adapted for singing in a large auditorium and she promises to fill the big arena next Sunday.

Miss Cooper will sing the prima donna role of Santuzza from Mascagni's "Cavalleria Rusticana," and will be heard in the aria, "Vol te sapete" and the duet with Turridado. Miss Sievers will sing the aria "Tata tatta" and the duet with Silvio, this part to be interpreted by Signor E. Puccini. Arturo Bravo will be the other soloist.

The five big orchestral numbers which will be given in addition to the operatic numbers are: Overture from "Oberon," Weber; "Traumerl," Schumann; Serenade for flute and French horn, Titi; Offenbachiana, from Offenbach's favorite operettas, orchestrated by Elise; "Angelus" and "Te Deum" by Massenet, and Slav March, Tschakowski.

**Col. Roosevelt and Wife on Way Back to N. Y.**

HARBARD, N. Y., Feb. 25.—Colonel Theodore Roosevelt and Mrs. Roosevelt have arrived here and proceeded to Demerara, British Guiana. They will go from Demerara to Trinidad, where they will take a steamer direct to New York. Both Colonel Roosevelt and Mrs. Roosevelt are in good health.

**W. K. Keillogg, Cereal Man, Visits City**

Slipping quietly into Oakland, unknown even to several local friends, W. K. Keillogg, of Little Creek, Mich., one of the multi-millionaire controllers of the cereal and breakfast-food markets of the world, has spent several days in Oakland and tomorrow will travel by motor to Los Angeles. Keillogg is at the Hotel Oakland on a motor trip through California for his health. He declares that there is no business connected with his visit.

## Spite Fence Feud Again in Court

**Mrs. Irene Santos Accused Third Time**

As the result of a feud of some years standing, Mrs. Irene Santos, of San Leandro, is in court for the third time on a charge of malicious mischief. She is accused of tearing down a spite fence between the home of her neighbor, A. Garcia, and herself, at Knox avenue and East Fourteenth street.

Mrs. Santos was arrested some weeks ago on a charge of sprinkling salt about her neighbor's young trees, killing them. She was arrested another time on a charge of damaging a fence. C. R. Blackburn and a woman attendant from the county jail went to San Leandro, bringing her back to the Alameda county jail. The case is being heard in the court of Justice of the Peace James G. Quinn.

## CHICAGO POLICE CAPTURE CAVITTE

Man Wanted as Member of the "Big Five" Ring Under Arrest.

SAN FRANCISCO, Feb. 25.—Herbert Cavitte, alias Alexander Walton, head of "The Institute of Medical Science," clairvoyant and meta-physician, is a member of the "Big Five," declared by the police to be a ring of fortune tellers who cleaned up over \$200,000 during their operations in San Francisco, is under arrest in Chicago, according to advices received here today. He is wanted here for the alleged theft of \$88,000. The victim is Antonio Spalletta of Petaluma. A warrant issued January 24 charges Cavitte with grand larceny.

Accused with Cavitte are Alois Dumas, alleged to be leader of the "Big Five" and known as the "Master Mind," and William Castle. Both are fugitives. The other two members of the "Big Five" are Byron Kingston, awaiting trial in Judge Griffin's court, and Henry Van Dyke, against whom there is no accusation but who is wanted as a witness.

Cavitte is also alleged to be Herbert Luzzon, who jumped bail from Los Angeles after his arrest there on a grand larceny charge.

### Cannibals Have Ideal Menu, Says Scientist

MADISON, Wis., Feb. 25.—"From a purely physiological standpoint, cannibalism would be the best way to provide the human body with proteins," said Dr. H. C. Bradley before the class in health and disease at the university yesterday. "Human flesh chemically is the ideal food, because its constituents are such that the digesting system would not have to break down the elements in proportion with other proteins before tissue structure could be started."

### Council Decides on Street Contracts

Street matters have been handled by the council as follows:

Awarding contract to Hutchinson Company for grading, curbing, guttering, macadamizing and constructing cement sidewalks on Clay street from Nicol avenue to Brookdale street.

Adopting plans and specifications for the improvement of Twenty-third street between Webster street and Telegraph avenue and recommending passage of resolution of intent for same.

Directing the city engineer to prepare proceedings for the improvement of Sunset avenue from Bond street southward.

Accepting dedication of Edwin D. De Golla and wife to the City of Oakland offering land for the extension of Suter street from Eastman avenue to 11th street.

occasionally by the neglect of the owners to shear the animals last fall. The wool becomes wet and freezes or chills the animal and death follows.

### Winter Hardships Kills Many Goats

SONORA, Feb. 25.—The hardships of winter have claimed the lives of 100 goats from the herd belonging to Vesper & Marcus that ranges on Bald mountains.

Authorities on the care of goats claim that a great part of the loss was

MRS. MARK ANTHONY (HELEN TUPPER), WHO ATTENDED THE LOVELL-HULL WEDDING LAST NIGHT.

One of the smart dances of the winter will be given this evening at the Clare-

mont Country Club by Mr. and Mrs. Wigginton Creed and the former's sister, Miss Georgia Creed. The ball-

room and roof garden will be thrown open for the dance, and supper will be served in the ball room.

Mrs. Creed's sister, Mrs. Sumner Crosby, will assist in receiving, and among the guests will be Mr. and Mrs. Donald McClure, Mr. and Mrs. Leon De Freney, Mr. and Mrs. Ralph Newcomb, Mr. and Mrs. Lorraine Langston, Mr. and Mrs. Warren Harrell, Mr. and Mrs. William Thornton White, Mr. and Mrs. Maurice Sullivan, Miss Ruth Casey, Miss Dorothy Taft, Miss Dorothy Denning and others.

### WINTER ASSEMBLY.

The third dance of the Winter Assembly will take place at the Hotel Oakland this evening, and the younger set will enjoy a delightful party. There are 500 members of the club, and a number of their friends will be guests this evening.

Among the guests are Mrs. Louis Girardelli, Mrs. Landers Redman, Mrs. William High, Mrs. Bert Hubbard, Mrs. C. W. Ames and Mrs. Louis Cookcroft will receive the guests.

Miss Frances Redman, Miss Jeanette Girardelli, Miss Elva Girardelli, Miss Algonzo Wilson, Miss Ruth Abbott and Miss Kathryn Thomas are among belles of the Winter Assemblies.

### AT TOWN AND GOWN CLUB.

There will be a dance at Town and Gown Club for members of an exclusive club of the younger set of the city. The patronesses of the dance are Mrs. J. Paul Clark and Mrs. Jerome Alexander.

Among the guests are Mrs. Stanley Walton and Miss Elizabeth Page.

### DANCE AT WARNER HOME.

The dance at St. Paul's parish house fund, will take place tomorrow evening at the Warner home in San Francisco. The guests will be the guests, among them Mrs. Harrison Clay, Mrs. John B. Bunker, Mrs. Mark Anthony, Mrs. Maxine Taylor, Miss Hilda Mosley, Miss Dorothy Taylor and others.

### ARRIVE FROM SHANGHAI.

Arriving on the Chiao Yang this week from China were Mr. and Mrs. Sheritt Barkley (Gladys Annan), who have lived in Shanghai since their marriage last July.

They remain on interesting in the Chinese city, where Mr. Barkley has extensive business interests. The wife is a month or two before going to New York.

Mrs. Barkley is the daughter of Mr. and Mrs. W. E. Annan of Piedmont.

### GUESTS AT BRIDGE PARTY.

Friends from the city of the bay were among those entertained by Mrs. Otto Grau at a bridge party she gave yesterday afternoon at her home in San Francisco. Some of the guests were Mrs. Harry Weiche, Miss Hilda Van Dusen, Miss Anna Oliver, Mrs. George Lyman, Mrs. E. Graham Parker, Mrs.

By Toilet Counters or Mail, 50c. National Toilet Company, Paris, Tenn.

### THERE IS A VAST ARMY

of men and women who really never know what it is to enjoy sound, vibrating health—who would be surprised to suddenly gain that exhilarating vitality that robust health brings.

Literally thousands without any particular sickness live in "general debility," as the doctors call it—have headaches, are tired and indifferent. To all such people we say with unmistakable earnestness—"Take Scott's Emulsion after meals for one month and allow your blood, quicken your circulation, stimulate nutrition, and aid nature to develop that real red-blooded life that means activity, enjoyment, success."

Scott's Emulsion is not a drug, but a pleasant food-ionic-free from alcohol. One bottle may help you.

Scott & Borne, Bloomfield, N. J.

# REMOVAL SALE

**Now Going on With Vim and Enthusiasm**

The great crowds who have attended this sale since its opening Wednesday is the best testimonial of its worth.

All new goods—nothing old. A sale, not to clear old stocks, but to advertise our removal to a new location.

Here are some of the good savings:

### NET TIGHTENS AS DETECTIVES WORK

State Chemist Batters Down Defense of Young Orpet.

CHICAGO, Feb. 25.—The defense of Will Orpet, the University of Wisconsin Junior in jail at Waukegan, charged with the murder by poison of his sweetheart, Marion Frances Lambert of Lake Forest, was dealt another heavy blow yesterday.

Dr. Ralph Webster completed his analysis of the sample of cyanide of potassium found hidden in the ashpile of the greenhouse on the McCormick estate, where Orpet spent the night before the girl was killed and where, the State will charge, he got the poison.

Orpet's father, gardener at the McCormick estate, claims that he had ordered the poison "barren away" there because it had lost its strength. That claim is swept away by what Dr. Webster found. "The sample of cyanide submitted to me, said to have been found in a can in the ashpile, is of commercial strength," the ashpile, is of commercial strength," said Dr. Webster. "The poison was much stronger than the samples taken from beneath the dead girl's fingernails. That under her nails had been exposed to the weather and had deteriorated."

### BITES STONE CAKE.

PHILADELPHIA, Feb. 25.—De- claring restaurants that placed things "like mother used to make" are delusive, Nathan M. Solomon asks \$1000 damages in a local restaurant. He lost a tooth in a bite into a cake. Solomon says the cake contained a "large piece of stone."

### IN SAN FRANCISCO.

Mr. and Mrs. Irving Wright have given up their home in Berkeley and taken an apartment in San Francisco, where they will make their home for a time. They are at the Inverness at Bush street and at the Inverness at Bush street and at the Inverness at Bush street.

### LUNCHEON HOSTESS.

Mrs. Shepherd Jenks gave a luncheon yesterday afternoon at her home in Oakland and entertained 20 guests who later were entertained at a bridge party. The evening decorations were of yellow and white, and the affair was one of social quality, and the affair was one of social quality.

### GOLDEN WEDDING.

The golden wedding of Mr. and Mrs. Morris Stewart was celebrated with an informal reception for their friends yesterday afternoon. The party was held at Washington church, 1556, at 4 o'clock. The guests were of all ages and the affair was one of social quality.

### BRIDGE HOSTESS.

Mrs. Louis Girardelli will be the next hostess to members of a bridge club that meets on Monday afternoons. She will entertain at her home at 2400 Oakland avenue on Monday afternoon, March 6, giving a luncheon before the card game.

### MRS. HENSHAW ENTERTAINS.

Mrs. William Griffith Henshaw was a bridge hostess yesterday afternoon at her home in Vernon Heights. Mrs. Henshaw was assisted in entertaining by Charles Keeney and Mrs. Alice Chicker. They assisted their mother in entertaining, and there were a number of San Francisco guests as well as those from this side of the bay.

### TO VISIT HONOLULU.

Mrs. and Mrs. J. L. Puller will sail on March 6 for Honolulu, where they will spend a month or six weeks. They have engaged passage on the Great Northern sailing on that date.

### MRS. HOBART A BRIDE.

From Santa Barbara comes news that Mrs. Hannah West Hobart and Mr. Charles Wheeler of Philadelphia were married yesterday afternoon. Mr. and Mrs. First Presbyterian church, San Francisco, the latter a sister of the bride, and Mr. Wheeler, a brother of the groom, were the best man and maid of honor. The wedding was held in San Francisco for a few days before leaving on March 2 for their home in the East.

### WEDDING A SURPRISE.

A wedding that surprised their friends was that of Miss Mildred Roberts, daughter of Mr. and Mrs. L. G. Roberts of Oakland, and George A. Edwards, which was held at the home of Mr. and Mrs. J. H. Edwards of San Francisco, the groom being a son of Mr. and Mrs. J. W. Edwards of Salt Lake City. The wedding was held in San Francisco, the young couple will live in this city.

### Constable Charged With Taking Bribe

LOS ANGELES, Cal., Feb. 25.—Acceptance of a bribe is charged against Roger Woodbury, former constable, in a warrant issued against him late yesterday by Asa Keyes, deputy district attorney. The specific charge against Woodbury is that he

permitted James A. Turish, who was under arrest recently on a statutory charge, to remain in a downtown hotel upon agreeing to pay him \$20 a day.

Woodbury was removed from office last week by Sheriff John C. Cline. The former constable was arrested on the warrant, but allowed to go to his home for the night after promising to appear before a justice of the peace tomorrow for arraignment.

## "WE'RE USING OUR CREDIT TO BUY CHARMING SPRING CLOTHES EARLY!"

"We're not pretending that we're among the favored few who ALWAYS have plenty of ready money. They're lucky, of course, but we're really no less fortunate.

"Because, you see, WE pay only part of what our new clothes cost when we select them. By taking advantage of CHERRY'S INSTALLMENT SYSTEM we find it no trouble at all to pay off the rest by the week or month.

"I certainly feel sorry for any woman who thinks she must wait for a month or so before she can get her new spring clothes. The advantage of CHERRY'S is so bewitching that it seems a sin for anybody who loves clothes to do without them.

"The new suits are stunning—full-skirted and flaring with all sorts of original, effective trimming touches. CHERRY'S are showing dainty waists and handsome coats and skirts. I think the most attractive display of all, though, is that of one-piece dresses.

"But you'll forget my descriptions the minute you see everything for yourself in Cherry's store at 615 Thirteenth street and remember they have another store at 223 Thirteenth street exclusively for men. In San Francisco they have two stores—one at 1009 Market street and the other at 2409 Mission street. Other stores at Portland, Los Angeles and Sacramento.—Advertisement.

## BEGIN ON SALTS AT FIRST SIGN OF KIDNEY PAIN

We Eat Too Much Meat, Which  
Clogs Kidneys, Then the  
Back Hurts.

Says Glass of Salts Flushes  
Kidneys and Ends Bladder  
Irritation.

Uric acid in meat excites the kidneys; they become overworked, get sluggish, ache and feel like lumps of lead. The urine becomes cloudy, the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush out the body's urinous waste or you'll feel a sick person shortly. At first you feel a dull misery in the kidney region, you suffer from back-ache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get some of any pharmacist's four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to cleanse the kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink; is absolutely safe; it should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.—Advertisement.

## Alameda County Men Organize Milk Co.

SAN FRANCISCO, Feb. 25.—Three citizens of Alameda county are named on the board of directors of the Associated Milk Producers, which filed articles of incorporation in the Superior court today. The object of the concern, which is capitalized for \$100,000, is given as the manufacture and distribution of milk, cheese, butter and dairy products and the raising of cattle and the necessary farming related thereto.

It is understood, however, that a disagreement between producers and distributors of milk and allied products has caused several of the interests to combine for self protection. There are fifteen directors, including M. S. Brazil of Oakland, Frank N. Maguire of Alameda, and Sarah Attergill, of Irvington.

## WOODWARD SUIT NEAR COMPROMISE

Action Brought Against Capitalist Continued for Two Weeks.

That a compromise is pending in a suit brought two years ago against Frank J. Woodward, capitalist, for an accounting of the finances of the El Corralito Land and Improvement Company, was announced by attorneys today in Superior Judge Donahue's court when a continuance of two weeks was granted.

In company with Henry J. Curry, E. M. Lynn and others, Woodward promoted the company in 1909, incorporating for \$100,000. The concern was organized for the purpose of purchasing 260 acres of land in Contra Costa county known as the San Pablo rancho for investment and improvement.

Dissatisfied stockholders in the company brought suit against Woodward, alleging that he had conspired to make a large secret profit in the deal and that he had controlled the company through electing to the directorate certain employees to the end that he was practically the sole beneficiary in the transaction.

It was further alleged that he had obtained a prior option on the property with a view of selling it to the corporation at an advanced price. Woodward was elected vice-president, his bookkeeper secretary and "other agents" to all other offices, it is claimed.

Shares to the value of \$70,000 were sold, it is further alleged and deeds to the property were made in the name of the vice-president. Then, the complainant alleged, Woodward mortgaged 32 acres for \$30,000 to the Oakland Bank of Savings. The total price of the land to the company was fixed at \$156,000 and it is alleged that only \$100,000 was paid, the remainder being paid for through mortgage or carried as deferred payment.

That no accounts were kept and that the shareholders did not know of the transactions regarding the deal until January, 1914, when an investigation was commenced, is related as the grounds for the suit in accounting. Prior to this, it is alleged, Woodward conveyed to the company 80 acres, being a portion of the land mortgaged, and between November 19, 1910, and July 7, 1913, sold the remainder. One of the sales mentioned in the complaint is that to Y. Tomikuma of 13.10 acres for \$21,600, in May, 1912, \$5 having been paid down and a mortgage taken for the remainder. In February, 1911, he took the company's note for \$40,000, secured by the 80 acres he had previously conveyed to the concern.

In his answer to the complaint the defendant denies that there were any irregularities in the management of the El Corralito company and claims that all records and transactions were duly recorded and open to the stockholders.

## Nurse's Death Was Accident, Says Jury

EUREKA, Feb. 25.—Miss Margaret McMillan, trained nurse and sister of Neil A. McMillan of Eureka, came to her death accidentally, according to the verdict of the coroner's jury which heard the testimony of factory Stabler when an inquest was held by Coroner Hansen at Ferndale. The body was brought to Eureka. Smiley testified at the inquest that the accident occurred in the vicinity of the Devil's Gate, a natural pass to the beach road about two miles south of the Ocean House. His horses mired in the debris left by a slide and in extricating themselves they floundered off the road.

## LODI GAY IN COLORS OF WOMEN'S CLUBS

Delegates to the Annual Convention Crowd Town and Attend to Business of Busy Session

(Special Dispatch to The TRIBUNE.)

LODI, Feb. 25.—With all Lodi gaily bannered in yellow and white in their honor, 150 delegates from central California who are here attending the annual convention of the Federated Women's clubs of the Alameda district, began their second day of session this morning at 9:45 o'clock. Peace as opposed to preparedness has so far been the most frequently sounded note of the gathering.

Interest today largely focused on the speech of John Chambers, state controller, who spoke on "The Future of the Woman's Share of the Community Property." Chambers, who has been referred to as the "leader" of the clubwomen striving to abolish the inheritance tax which they must pay on their own share of the community property on the demise of their spouses, was enthusiastically greeted.

Discussion of "Industrial and Social Conditions" by Mrs. George Frances Bird of the Oakland New Country club, a talk on "Labor" by Mrs. William E. Colby of Berkeley and the reports of officers heading district committees largely filled the morning. Club presidents' messages were heard and a report honoring the names of members who had passed away during the year was given by Mrs. Andrew Atken, chairman of necrology. This was followed by the memorial address and songs by Mrs. Abelside Macman and Mrs. Walter Longbottom of Sacramento.

Reports of chairmen were made by Mrs. W. P. Timling of "History and Landmarks"; Mrs. Theodore Beckman, "Federation Emblem"; and Mrs. Florence Scheneman and Mrs. Clyde A. King for "Club Extension." Mrs. William Colby, state chairman of legislation and Mrs. Richard Boone of Berkeley, both related a report regarding particularly mentioning the community property law. The afternoon session opened with selections by the Lodi high school glee club and was closed today at 4 o'clock with tea, followed by motor rides about the country.

EVERY CLUB REPRESENTED. Yesterday afternoon when Mrs. Fisher Clarke of Stockton, president of the Alameda district, opened the annual convention, representatives of every club of the forty-eight in the district filled the assembly hall of the new Lodi high school. Like the Lodi streets, the school building is elaborately decorated in the club colors—yellow and white.

This evening the Lodi Chamber of Commerce will join with the women's club of Lodi, which is extending every courtesy to the visitors, in giving a social entertainment and reception at the Lodi hotel to the officers, delegates and other attending the convention. Last evening a banquet followed by a reception to state and local dignitaries opened the social functions that are always an important feature of these gatherings.

In the discussion of peace in its relation to preparedness yesterday, the clubwomen took a strong plea from Robert C. Root, Pacific coast secretary of the American Peace society, whose warning against preparedness was received with stormy applause, though a large number of adherents to the Navy league remained unresponsive. This talk followed that of the

## Hints for Automobile Owners

Motoring Department, The TRIBUNE. Have a Ford runabout, 1915 model equipped with generator. On cold days the generator will turn over the engine all right, but evidently gasoline will not vaporize readily, for I can only start the engine by pouring water upon the carburetor. This I don't mind doing on leaving home, but it is rather embarrassing to make a call and then have to stop for hot water. Can you suggest a remedy?

Could ignition system be connected to 12-volt generator battery, and if so how are a connection best made? How can rust be prevented from forming on cylinder head bolts, spark plugs, etc. I clean them with kerosene, but the rust comes back.

On cold days a storage battery is not as vigorous when turning over a starter motor unless the change in the battery is close to the full-charge point. Even then it is not as efficient as it would be in warmer weather. Think the current most likely caused by a lack of current using starter motor after car has been standing for some time, and that it does not turn motor over as fast as it should. Proper mixture is not drawn into the cylinders.

When wishing to start motor stranger should be closed on carburetor until a few rotations of motor have been accomplished and then suddenly opened. You will find this invariably will start the motor to start the engine. It is not possible to cut in the storage battery, using only three cells, as this would be very inefficient.

Paint specially prepared for this purpose can be purchased at any reliable supply store. Before applying be sure to remove all rust, oil, etc.

Motoring Department, The TRIBUNE. I have a Ford 1915 touring car which I ran about 1600 miles. The rear wheels out the rear wheels and spatters on the tread. I have had the wheels out and put on new washers and the tape around the axle well, it does not seem to drop out in over one cup of three grease since I bought the car now. Can you tell me how much and what kind of grease I should use and what will stop it from working out?—AN INQUIRER.

This trouble has been remedied by many owners by boring a 1/4-inch hole above center of axle and just clear of the part supporting the brakes. The object of this hole is to allow the excess lubricant to drop out on the road.

Care should be taken not to use too much grease. Any good non-fluid lubricant should serve the purpose. For the kind you are using at present is too light. Try using a heavier grade.

Motoring Department, The TRIBUNE. I would be very grateful to you if you could indicate to me a hand pump or soap which I could use without the addition of

## AWAIT WIRE FROM M' CANDLESS, SR.

Bride Returns With Remains of Young Oakland Stock Broker.

Word is being awaited from Honolulu regarding the disposal of the remains of James McCandless, the young stock broker, who died in a Lodi hospital yesterday morning from injuries received when his automobile drove over an embankment near Forest Lake Wednesday night. A cable telling of the tragedy has been forwarded to the parents, Mr. and Mrs. James M. McCandless.

The body of the unfortunate broker was brought to this city last night. It is at the home of George W. Rodolph, the father of Mrs. McCandless, at 514 East Fourteenth street. Mrs. McCandless, a bride of less than a year, accompanied by her husband, who accompanied her from Lodi, she is confined to her bed today under the care of physicians, suffering a nervous breakdown from shock. Mrs. McCandless was in Sacramento at the time of the accident, having been left there by her husband, who accompanied his business associate, George R. O'Connor, of Alameda, on a business trip which was to have ended at Stockton. A curve in the highway near Forest Lake, a short distance from Lodi, caused the accident in which they were driving to leave the road and hurtle over a steep embankment. McCandless was crushed beneath the car, receiving injuries which caused his death yesterday morning. He did not regain consciousness after the accident. O'Connor is seriously but not fatally injured.

Upon learning of the accident Mrs. McCandless hurried from Sacramento to Lodi, but did not reach there until after the death of her husband. McCandless was 23 years old.

## Jobs Are Reward in Assembling Test

Three Oakland boys will have first jobs at the new Chevrolet factory. They will be decided upon tomorrow night, when the three best mechanics in the Technical High school assembling team, which is competing with the "Speed Mechanics" for speed records in assembling automobiles, will be chosen, to be placed in the new factory on their graduation from high school.

The high school boys are competing against the mechanics who hold the world's record in assembling automobiles at the Pantheas this week, and have held several contests in which honors were almost even. Seeing the contest and noting the clever work of the boys, Norman De Vaux, of the new Oakland factory, informed Joe Longfellow, director of the contests, that he will take three of the best of the youthful auto experts as workmen after their graduation.

The contests will be held to complete the decision for the cup tonight and Saturday matinee and evening. At this time the star mechanics will be announced.

## NEW GERMAN CLASSES.

New interest in the German classes which the university extension division is conducting in Oakland is manifested in the enrollments now being received. The new Oakland class in German held several meetings during evenings from 7 to 9 in room 13 of the Technical High School, has received many new additions among east bay city residents who desire instruction in elementary German.

## Spring Musicals at Church Is Planned

Calvary Congregational Church has announced its first "Spring Musicals" for next Sunday evening, in the church at 14th and Broadway streets. There will be a chorus of twenty-five voices under the direction of John McEwing and the vocal music will include a trio and a male duet. The quartet, Miss Zheny Clark, the talented soprano, will play Traneek's "Modestation," Nevins' "The Rosary," and one of Bellini's marches. The public will be welcome.

The full program is as follows: Chorus—"Jerusalem, the Golden"; Harp solo—"Meditation"—Traneek; Miss Zheny Clark; "The Shepherd's Good Care"—Nevin; Mr. Horace Beverly and Chorus; Trio—"Now the Shades of Evening Fall"—Mendelssohn-Cornall; Miss Zheny Clark; Harp solo—"The Rosary"—Nevin; Miss Zheny Clark; "He Shall Come Down Like Rain"—Buck; Chorus; "Now the Day Is Over"—Nevin; Harp solo—"March"—Bellini; Miss Zheny Clark; "The Heavens Are Telling" (Creation)—Haydn; Chorus.

## KILLED IN FRIENDLY BOXING.

CINCINNATI, Feb. 25.—During a friendly sparring bout between William Hildebrandt and August Naisel, both 14 years of age at a district school here, Hildebrandt was struck on the jaw and died a few minutes later. The Naisel boy's grief is so great that he has been placed in the care of a physician.

## SUES FOR \$10,000.

Complaining that she received serious injuries when she was thrown from a street car in Berkeley a year ago, Margaret Hancock has commenced suit against the San Francisco-Oakland Terminal Railway, demanding \$10,000 damages.

"I am on the 'go' all the time, sometimes for hours, without a chance to get water to clean my hands after making some urgent repairs," says a man who has been on the market a long time, which can be used without the addition of water. This may be obtained at any hardware store. It is a new product, limited to publish in these columns the names of accessory manufacturers.

## Royal Travelers Not Dismayed by Bombs

PARIS, Feb. 25.—According to a Rome dispatch many royal personages, Italian or foreign, have on six occasions since the

middle of December been transported from one side of the Adriatic to the other under escort of entire allied warships, notwithstanding constant enemy activity with aeroplanes, mines, squadrons of destroyers and nineteen attacks by submarines.

# REGAL

Sixty Styles at \$4  
Sixteen Specials at Five Dollars

TWENTY-FIVE YEARS' experience in shoe-making makes it possible for us to offer you the "ARLINGTON" at \$4.00.

By buying materials in large quantities for four big factories producing 36,000 pairs of shoes a week, we get first choice of leathers and rock-bottom prices.

By selling direct through a hundred Regal stores from New York to San Francisco, our stock is always new—no dead styles can accumulate.

As an example of what collective purchasing power, quantity production and manufacturing efficiency can produce, we ask you to compare the "ARLINGTON" at \$4.00, with any \$5.00 shoe in town.

Accept this as your personal invitation to come into the Regal Store and try on as many styles as you like, without any obligation to purchase.

# Oakland "Golds" in Riotous Struggle Are Nosed Out by the Olympics

## ABSENT-MINDED ABNER—How He got Out of Renting the Rooms!

By WALT McDOUGALL

### TRIBUNE LEAGUE DINNER DELIGHTS BIG GATHERING

John P. Maxwell Proves Himself Pleasant Host to 100 Bushers.

One hundred young baseball players sat down to the TRIBUNE league dinner last night, given in the main dining room of the Key Route Inn by John P. Maxwell, head of the Maxwell Hardware firm. Ample song, music and story-telling, and the purchasing of a satisfactory conclusion, reaching an enthusiastic climax when the handsome Maxwell trophy was awarded to Ambrose Turner, head of the champion Ambrose Turner team, and the silver jobs offered by the TRIBUNE were distributed to the members of the winning team.

Announcement that the league would be perpetuated and conducted next season on even a more elaborate scale was greeted with wild approval. It was the consensus of opinion that the TRIBUNE league had amply demonstrated its value to the ambitious young ball player.

Full justice was done to the excellent menu provided, and the banqueters did not leave their tables until 10 o'clock. The evening was a grand success, and the dinner was a most enjoyable and profitable one.

Salomon, president of the TRIBUNE league, welcomed the banqueters and introduced Jerry Lawlor as the "master of ceremonies" for the evening. Lawlor, who has been a member of the league since its inception, explained its interest in their welfare. Maxwell's hospitality throughout the league history has been much appreciated. The massive silver loving cup which was given to the league last year, was a splendid example of the league's success.

During the evening, brief speeches were made by Jerry Lawlor, J. P. Maxwell, J. A. Jacobson, M. Mathias, D. Hendrix, Jerry Lawlor, all managers of the league, and J. A. Jacobson, M. Mathias, D. Hendrix, Jerry Lawlor, all managers of the league, and J. A. Jacobson, M. Mathias, D. Hendrix, Jerry Lawlor, all managers of the league.

### COACH ANDY SMITH EN ROUTE HERE

LAFAYETTE, Ind., Feb. 25.—Andrew J. Smith, formerly head football coach at Purdue University, is today on his way to Berkeley where he will have charge of the football squad at the University of California next season. Before leaving here, Smith said that although the sport was comparatively new at the coast university, he was confident of turning out a winning team. Smith is a former University of Pennsylvania star.

**CYCLISTS BREAK RECORD.**  
KANSAS CITY, Mo., Feb. 25.—Reggie McNamara and Eddie Madden last night won the six-day bicycle race in Convention hall, making the record 117 miles in the grind, announced by the management as 51 miles ahead of the world record.

The Naval Training Station nine defeated the University of California yesterday by a 3 to 0 score. The score: R. H. 12, S. 0.

**GET RID OF SCROFULA**  
HOW? TAKE S. S. S.

Fifty Years' Use Proves S. S. S. Will Relieve Stubborn Cases.

You have noticed the little festering pimples on the face and body—swelling of the glands—acrossness in the legs and arm muscles. These are the symptoms of Scrofula. You may have some of these symptoms, possibly the taint of Scrofula infection. But in either case, it is a dangerous condition. Your blood is infected, impure, and you can never hope to gain perfect health until the impurities are washed from the system. If you feel badly all the time, you must cure your blood. If you want to feel renewed spirits, the glow of perfect health, bright eyes, clear skin, the knowledge that you are well, you can do so by taking S. S. S. For fifty years it has been the standard blood purifier. It removes the trouble from your blood, restores the flow, so that the blood regains its vitality and throws off the poison. Even long-standing cases respond. But you must use S. S. S. Take it for all blood infections. Get it at your drug-gist's today.

If you need special advice write the Swift Specific Co., Atlanta, Ga.—Advertisement.

### Five Hundred to Show Setting-Up Exercises Indoor Athletic Night Monster Additional Feature Being Planned for March 7 by Otto Rittler

Five hundred school children awaiting in rhythm to the measure of the new setting-up exercises in the public schools of Alameda is the feature offered to the executive committee of the Oakland Olympic by Otto Rittler. If this act is accepted for use at the auditorium on the night of March 7, with the indoor athletic carnival is staged, it will follow the grand march and athletic and will take in the regular program.

Rittler is arranging a competitive drill amongst the Alameda school children, and the schools showing excellence in the new exercises will be given the privilege of demonstrating their accomplishments before the grand march that is expected to fill the auditorium that evening. Colored lights will play on the youngsters as they go through their maneuvers.

At the St. Mary's college notified the executive committee today that the crack pyramid builders from that institution would participate in the program. St. Mary's has a corps of acrobatic performers that will be able to build some astonishing "human pyramids" in the spacious auditorium. The program will be a new arrangement of the old.

At Levene, coach at St. Joseph's academy, will present acrobatic, wrestling, boxing and novelty stunts. The talented St. Joseph's boys, who have a great reputation in this county along with the first public performance in Oakland.

Tonight the swimmers of the Piedmont club will hold their practice for the big championships at San Francisco in March. The local team made a very fine showing in the last Friday night and are enthusiastic over the prospects of the coming season. In the 150-yard back stroke the members think they have a real champion in Ralph Kendrick. Ralph is the fastest paddler in this event. The local team has a real contender in Barry Hobner, the world's champion. In this event the club should make a good showing.

### EX-SAINTS STARS TO PLAY SUNDAY

St. Mary's college will be the scene of a lively baseball game on Sunday afternoon when a team of the city's best players will take the field. The game will be a real contest, and the local team is expected to win. The game will be a real contest, and the local team is expected to win.

Duffy Lewis and Harry Hooper, stars of the local team, will be in action. The game will be a real contest, and the local team is expected to win.

### McCLOUD IS SEEKING WRESTLING STARS

Wrestling stars from all over the country will be seen in action before the Oakland fans in the near future. Bert McCloud, promoter of the new Bay City club, who will stage the first show next Friday evening, is at present, anxious for such stars as Ad Santelli, Victor, Nick Davis, and Charlie Cutler. Demetri and several others to sign for engagements here.

Events will be staged for his next show. He will hold Ad Santelli to a draw last Tuesday, has already signed to wrestle here.

land of the Jitsu wrestling and fencing will also find its place on the big program. This number will be in charge of Albert Vail of the city playground department. The Japanese reneers are quite an attraction in themselves. They wear heavy pads and carry masks and force with bamboo clubs. When in full action a Japanese fencer is the nearest approach to a thunder and lightning storm that can be staged indoors.

A crew of men is already at work stretching a huge canvas over the auditorium floor. The canvas will be painted green to give the effect of a turf floor, and it is expected that the effect of the grass will be very pleasing.

Frank Book, C. F. Martin and George Dicke are hard at work on the program of school and college track and field games, and expect to be able to announce a long list of entries within the next few days.

All local merchants are urged to make window displays which will be able to attract the attention of the thousands of people who will be in the city during the week beginning Sunday, February 27. Many of the leading merchants have already agreed to do so, and indications point to some novel window decorations in honor of the city's first annual indoor athletic carnival.

Members of the executive committee will appear before the Oakland Commercial club and the Rotary club next week to urge co-operation on the part of those bodies.

### CHABEK WOULD PREFER TO STICK NEAR BROOKLYN

Joe Berger Is Likely to Be Switched to Second Base This Year.

Itcher Chabek, the right-hander along Oakland's second base, is expected to stay near Brooklyn. The local team is expected to win. The game will be a real contest, and the local team is expected to win.

The Pacific Gas and Electric Company team will be in action. The game will be a real contest, and the local team is expected to win.

The game will be a real contest, and the local team is expected to win.

### FIERCE CONTEST GOES TO WINGED 'O,' SCORE 33-29

Great Crowd Thrilled by Exciting Struggle of Old Rivals.

In a riotous struggle on the St. Mary's college floor last night, the Oakland Golds lost the F. A. A. title to the Olympic Club, 33 to 29. The game looked more like a hand-to-hand battle in the European style than a basketball contest, for the Oakland players were entirely inadequate for the crowd, and spectators and players were sometimes mixed together in a mass of confusion.

In point of spectacularity and excitement the game last night set a record for the Oakland club. Approximately 100 people saw the game, and at least twice that number were turned away.

It was the same old ability to display the finish that captured the laurels for the Olympics. As was the case the evening before, the Oakland club was most of the game after overcomer six-point lead at the start. At the end of the first half they had rolled up 17 points to the Oakland's 12. Three minutes after the second half had started the score was tied 17 all. Then the Oaklanders went on the attack, and in 18 and with four minutes to go the Olympics, fighting their way in an up-to-date game, within one point of their opponents, the score being 24 to 23.

Then Kemp, who started out his team in the lead by 24 to 23. A minute more and the Oaklanders fought their way back to the lead, but this was a short-lived and goals in rapid succession by Bobby Don and Kemp gave the Oakland a one-point advantage with but a half minute to go. The star Olympic guard, committed a personal foul, his fourth one of the day, and was promptly ejected from the game. George Hjelte, with the crowd holding its breath, tossed the foul ball through the hoop, and the score was 25 to 24. A few seconds later, still in the lead, Hjelte's whistle blew.

The extra five minutes saw the Olympics playing like champions. Five minutes of the five had been taken up through wonderful defensive work on the part of the Oakland team. Kemp broke the ice by rolling the ball through the "hoops" after a twenty-yard run. A moment later the defense broke again and this time it was the clever Dick Brandt who registered the goal.

Going back to the start of the game again, the Olympics started off with Pete Schubert running away from Guard Walden of the Oaks and manipulating the ball with great skill. He scored eleven field goals and all but most of them coming at critical times, scored the game. The score was 5 to 4. George Hjelte then scored a goal, and was followed by a neat score by Street, thus making the "O's" lead by 7 to 4. The Oakland lead was short-lived, however, and a double foul by Kemp and a goal by Barnes gave the Olympics a 10-to-7 lead.

This was followed by the local boys forging into the lead, Street counting a goal. G. Hjelte a foul shot, which tied the score. Street dropping in another goal, the Oakland lead was followed by a neat score by Street, thus making the "O's" lead by 10 to 10. Then came a personal foul on the part of Barnes, whose playing the night before, and who had been ejected from the game, and who was followed by a neat score by Street, thus making the "O's" lead by 10 to 10.

The second half started with Bobby Don, who later played a star, taking the place of Schubert at forward for the Olympics and shooting a difficult goal. Kemp, taking a side line pass from G. Hjelte, then scored and a second later he registered a foul, thus ending the score 17 all. Kemp scored another field goal, and the Oakland lead was followed by a neat score by Street, thus making the "O's" lead by 10 to 10.

### Olympics Leave on Sunday; 'Golds' Follow March 8

The crack Olympic Club unlimited basketball team, national champions, will leave Sunday morning for Chicago, where they will enter in the national basketball championship competition, which will be staged in the Windy City on March 15, 16 and 17. The team will make their last stop at Salt Lake City, where they tackle the University of Utah team.

The Olympics will play two games in Kansas. Eight players will make the trip, including Dick Brandt, Bobby Don, Pete Schubert and Arnold Kemp, forwards; Johnny Gilbert, center; Wally Barnes, Ray Gilbert, Billy Miller, guards, and John Alstadfield. Kemp will stay in San Francisco until March 8. He and Frank Foster, the Olympic club coach and trainer, will then leave for Chicago, where they will meet the team.

The Oakland Golds, the local representatives in the championship, will leave here on March 8. They will go straight to Chicago without playing any exhibition games. They should arrive in Chicago on about March 12, and will give them two days in which to practice and become accustomed to the Chicago courts and crowds.

Manager Harold Gnarini, George Hjelte and Ed Street, forwards; Marshall Hjelte, center; Bill Laughland, Waddell, guards; and Brown and Lewis, substitutes, together with Dr. W. H. Linn, well-known Oakland Gold enthusiast, will be the personal staff of the Oakland party.

**HAMANN GOING WELL.**  
A letter from Freddie Hamann, local lightweight, brings word that he is meeting with great success around Tulsa, Oklahoma, under the guiding genius of "Red" Sammie McClintock. Freddie recently boxed a fifteen-round draw with George Kirkwood, who won the fight by a 15 to 10 decision. He is in fifteen rounds; knocked out Frankie Murphy of Denver in five rounds, and is right in line for main events. Carl Morris is the big card still in Oklahoma, according to Hamann.

### CITY WILL OBSERVE BICYCLE DAY

National "Bicycle Day" will be celebrated here next Tuesday, Feb. 29. E. C. Newbauer, manager of the local Goodrich agency, is to be chairman of the committee which will promote the event. Cycling races will be held along Grand avenue, permission having already been obtained to use this magnificent thoroughfare. The race will be strictly for amateurs. Hand-some fobs and cash prizes will be given to those finishing first, second and third.

## Son 27, Elopes and Mother Renounces Him

ST. LOUIS, Feb. 25.—If he has married a girl other than the one his parents chose for him, I am through with him. I will have nothing more to do with him," Mrs. S. Stern, 322 King's Highway, told reporters Wednesday morning when informed her son, Joseph J. Stern, 27 years old, eloped to Clayton Tuesday and married Miss Vernice Vogelzoph, 18 years of age, a telephone operator, 1104 Pendleton avenue.

Mrs. Stern said she has not been informed by her son that he is married, and is inclined to believe the whole affair a practical joke. Her son departed Tuesday morning, she said, saying he was going to Chicago on business.

## LARGE BUSINESS DEAL IS CLOSED

San Jose Man Buys at Eighth, Near Jefferson; Other Sales.

The W. J. White Company of the Federal Realty Building, Oakland, consummated the sale to John J. Buck of San Jose of the business property on the south line of Eighth street, 75 feet east of Jefferson, in Oakland. The lot is 40x100 improved with a modern structure consisting of a hotel with lobby and stores on the ground floor; rental \$570 per month; price \$60,000.

The owner accepted as part payment a sub-division on the Alton Rock avenue car lines at San Jose, known as "Lyndale Acres," and the remainder of the purchase price in cash.

They have also disposed of the following properties in various sections during the holiday month:

For the account of Mrs. Julia F. Craig, "Idlewild Farm," adjoining the city of Yacaville, Solano county, consisting of 80 acres, mostly in choice early fruit; improved; price \$12,000.

For H. F. Moulton, a modern residence of 11 rooms on the corner of North Branch and Doyle street, in the city of Santa Cruz; price \$8500.

For H. V. Skee, lot 50x150 on Madison Hill, improved residence and lungalow at Mountclair avenue, Oakland; price \$8500.

For Thomas Kelly, 3 lots on Bernal Heights, San Francisco; price \$1000.

For C. R. Rogers, 20 acres alfalfa and improvements 1 mile east of the city of Madera; price \$4000.

For David P. Hall, the "Hotel Reg," located at 410 Eddy street, near Hyde street, San Francisco; price \$7500.

For J. R. Howell, lot 50x100 on Kinnaird avenue, Regency Park tract, Berkeley, improved new 5-room bungalow; price \$4000.

For Marie F. Cummins, 25 acres choice orange and lemon land 1 mile from Napa, Fresno county; price \$5000.

For T. Robertson, lot 45x100, improved modern 6-room residence, at 2744 Dohr street, Berkeley; price \$4500.

For E. J. Cayse, 40 acres alfalfa land, improved, on the State Highway, between Stockton and Lathrop; price \$6000.

For A. F. Barlow, lot 55x100, "Cerrito Park" tract, Berkeley; price \$7500.

For Mrs. Maud Moulton, lot 50x116, improved 2 modern flats, located at 21 Sunnyside avenue in the city of Santa Clara; price \$4500.

For H. Y. Skee, business lot 50x155 on Telegraph avenue, directly opposite the main entrance to Mora Park, Oakland; price \$3000, together with a choice residence lot on the northwest corner of Indian Rock and Marin avenues, Northbrae Heights, Berkeley; price \$3000.

For C. E. Skidmore, ten lots 25x100 each in "Cerrito Park" tract, Berkeley; \$7500 on terms.

For E. Brown, the lot 50x110 on the southwest corner of Twenty-eighth and Chestnut streets, Oakland, improved with residence; terms private.

For J. G. White, 11 acres and improvements on the San Rafael boulevard, known as "Climax Villa"; price \$6500.

For T. F. Tylo, 4 lots 25x100 in Berkeley; price \$3000.

For E. F. Engelfeldt, 20 acres all in alfalfa, well improved and stocked graded cows, etc., 12 miles from Orland, Glenn county; price \$5500.

For P. P. Pambrell, 40 acres, good improvements, west of Corning, Tehama county; \$5000.

For Nettie A. Jennings, three cottages, 451 to 453 Diamond street, San Francisco; \$12,000.

## Bakersfield Voting on Wet and Dry Issues

BAKERSFIELD, Cal., Feb. 25.—The city of Bakersfield is voting today on three ordinances under the initiative clause of the charter. The proposed laws relate to the sale of liquor and are: Sunday closing, ten o'clock night closing and prohibition of all the saloons. Fifty-two retail liquor establishments are affected. The ordinances do not apply to the wholesale houses, the restaurants or the cafes.

The circulating of the initiative petitions by the women followed the rejection by the city council by a four to three vote of the ordinances for Sunday and midnight closing. Bakersfield has voted twice before on the liquor question. Five years ago under local option the temperance law was beaten two to one. Two years ago the vote was 2343 for the statewide prohibition amendment and 3364 against.

# Blue Bird Bureau

Department of Good-Fellowship

Not only are there Good Fellow automobiles owners who make little tots happy by giving them a ride in a nice big car—just like rich children—but today the owners of a car drawn by two lovely ponies called on us and said she'd like to give a little pleasure to some poor, unfortunate youngsters. Now, you know how much the average child enjoys ponies! They are small, just like he himself is, and all animals, small for their sort, appeal to him. We feel sure a child given a ride in that car, behind those ponies, will have the time of his life.

The two extra buggies, donated by Good Fellows, have already been disposed of. It certainly did not take long to find poor mothers of little babies, sorely in need of some sort of vehicle for their children.

Today is distributing day at the Harrison school. The Good Fellows certainly have remembered the poor little ones, and grown-ups, too—this week. There is a whole lot of clothes for children of all sizes and ages, even for tiny babies, and they are all spread out over racks, so one can easily go over them and make a selection. And such a stack of shoes and slippers! Even the Easter hats are there. They are last year's but sure, but most of them look so fresh and clean that they will do quite well for this spring. When sunbonnets arrived. And toys! There is a nice little doll's trunk with two dolls sleeping in the bottom and other toys lying on the tray. Also a fine doll's buggy. Enough to make any poor little girl's heart beat with joy. There are, too, a number of skirts for the mothers of the children. Splendid skirts, clean and perfectly good. All that is required is some skill in sewing possessed by the poor mothers who need the skirts and other garments. Too many of them tell us that they do not know how to sew, and thus reject some very good clothes. If we only could procure the patience and time and skill of some

Children need shoes and stockings at any time of the year, irrespective of the weather.

A child wearing a ragged dress or suit loses self-respect, becomes sulky, hates to mingle with other children and stays away from school.

For every child out of school the city loses a state and county apportionment of 20 cents a day.

If you have any clothes which your own children have outgrown, phone Oakland 7285, and someone will call for it.

Adults' clothing will be accepted at same number.

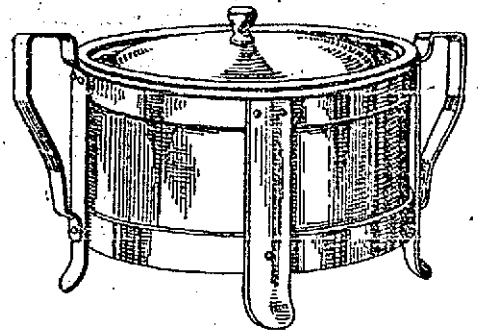

of the lady Good Fellows who would assist those poor mothers and teach them how to do the altering! And in the meantime, the Blue Bird Bureau wishes to extend its gratitude to the ladies who are giving their services on Thursdays and Fridays at the Harrison school, doing the mending, sorting and distributing. There were three on Thursday afternoon.

On Monday night last twenty-five men and women, who are depending upon the county for their livelihood, were entertained at the Pantages through the medium of the Blue Bird Bureau and enjoyed the show very much. It is so seldom that these people, neglected by Fate, have the opportunity to enjoy what to most of us comes frequently, that it means something all the more wonderful to them, and they derived a great deal of pleasure out of the theater party.

Correspondence: Pittsburgh—We have not yet received the white kitten. When it arrives—which we hope it will—another girl, living in the country, will be made happy.

Madison—We shall be glad to send you the names of some little guests for your party.

## Sixty-one Ships Are Now Being Constructed

PHILADELPHIA, Feb. 25.—The great increase in ocean freight rates has caused an unprecedented demand for ships and shipbuilding yards located on the Delaware river have more orders than they can fill. Sixty-one steamships, ranging from 200 to 10,000 tons, are now being constructed in this vicinity.

Announcement was made today that W. R. Grace & Co. of New York had awarded a contract to the William Cramp Sons Ship and Engine Building Company for two steamships to cost upward of \$3,000,000. It was also announced that the Coastwise Transportation Company will in a few days award contracts to a Delaware river shipyard for the construction of two freight steamships of 8000 tons capacity to cost \$500,000 each. Other yards located along the river also have orders which tax their capacity and it is declared that it will require several years to complete all the vessels required.

SHIRT MAKERS IN STRIKE NEW YORK, Feb. 25.—Thirty thousand members of the shirt makers, boys' waist and ironers' unions in more than 200 establishments struck here today for higher wages, shorter hours and the abolishment by the manufacturers of the practice of sub-contracting. Union officials declared that in some cases machine operators, or sub-contractors, as they are called, employ as many as eight and ten workers and pay them whatever they please. In this way, it was said, the manufacturers evade the responsibility of fixing uniform wages and hours for all the workers.

## Baby Cuts Throat "Shaving Like Papa"

NEWTON, N. J., Feb. 25.—Howard Pearson and his wife, who live in Unionville, near here, long have boasted of the cunning ways of their son, Howard Jr., 3 years old, in imitating his father.

Madam, however, when Mrs. Pearson's back was turned the youngster got his father's shaving outfit, lathered his face, and cut a deep gash in his throat with a razor.

Mrs. Pearson found him bleeding. She ran with him in her arms to the home of a doctor, who stanching the blood in time to save the child's life.

YELLOW RABBIT SHOT. BETHANY, Mo., Feb. 25.—The first yellow rabbit ever seen or heard of in this county was shot by a farmer near here and has been exhibited as a curiosity. The farmer noticed the strange colored little animal when it took refuge under a brush heap. He chased it out and shot it in order to examine it closely. The color of the animal is similar to that of the "brindle" house cat, but in every other respect it resembles the ordinary rabbit.
